A Watched Cup Never Cools Ellen Kamischke, 2015-03-30 This book is the second edition containing 11 new and 17 revised calculus labs These 28 individual and small group activities explore concepts in calculus Each lab includes teacher notes providing model solutions and tips for assigning The labs are indexed by topics covered and equipment needs

Skytrain to Nowhere Brandon Adamson, 2018-05-20 Skytrain to Nowhere is an imagination driven and esoteric volume of free form poetry The book documents the author's experiences thoughts and observations while riding the skytrain at Phoenix Sky Harbor International Airport over the period of several weeks Since the skytrain is only designed to transport travelers between various terminals and parking facilities at the airport someone spending nearly 50 hours riding it purely for recreation and artistic inspirational purposes is highly unusual to put it mildly Aside from occasional quirky anecdotes about various passengers the poems mostly deal with themes of motion the passage of time and nostalgia The author grapples with these issues from a retro futurist perspective Skytrain to Nowhere celebrates the realization that our vitality hinges on our ability to always keep moving while recognizing we are unwilling or unable to leave some things behind on the journey

Happily Ever Resilient Stephanie Goloway, 2022-04-26 All children deserve the tools to fight off whatever dragons they encounter and move happily through life In Happily Ever Resilient Dr Stephanie Goloway uses current trauma research and beloved multicultural variants of classic children's fairytales to create joyful playful learning experiences for young children Part one of the book covers why using fairytales in early childhood classrooms supports resilience and literacy in all children especially important for children who have experienced trauma and toxic stress Part two covers how to do this Each chapter includes Story Magic information about the fairytale and its multicultural variants how the story connects with the protective factors of resilience and suggestions for storytelling and storyacting Caring Magic activities that help children make connections with each other and adults in their lives related to the story Doing Magic suggestions for adapting classroom learning centers to support children's engagement with both the fairytale and resilience along with projects that promote initiative and executive functions Superpower Magic activities songs and games related to the story that foster self regulation as well as ways the story can be used to support calm integrated transitions and routines By tapping into the extraordinary magic of fairytales early childhood educators can create the ordinary magic of resilience

Mentalligence Kristen Lee, 2018-02-06 As the headlines warn of a world seemingly taking steps backward behavioral scientist Kristen Lee shares a groundbreaking new psychology of thinking that will propel you forward with a fresh mind set that inspires connection collaboration and creativity Based on twenty two years of clinical practice and neuro scientific research Dr Kristen Lee teaches us how to rip up the script society hands us and to see the world through a series of different lenses The Reflective Lens The Mindful Lens the Global Lens and the Imagineering Lens Through exercises worksheets and thought provoking anecdotes and case studies Lee teaches how to cultivate Upward Spiral Habits that are less I focused and more we
