

ROTARY SLIPS

Varco_® OIL TOOLS

SDS, SDML, and SDXL Rotary Slips are for use in API standard insert bowls. Featuring better contact and distribution of load on drill pipe thru a superior wraparound configuration and unique insert design, these slips prevent bottlenecks and gouging damage. The buttress design of the body segments provides great strength while minimizing weight for ease of handling.

Varco rotary slips provide long and troublefree service under the most severe conditions. Inserts are held securely in dovetail slots. Inserts are changed by removing the nuts, bolts, and retainers at the top of the slots.
