WINDING THROUGH WESTERN EUROPE

Finding your way around one of the thousands of castles in Western Europe is like wandering through a maze. Hidden in this maze are the names of 25 western European countries or political entities. These include 3 small principalities, 3 political divisions of the United Kingdom, and 1 independent state which is the tiniest country in the world. Some names are found as you read from left to right. Others are in reverse or located vertically. Your task is to find each and circle the letters that make up the name of the country. The scroll below provides hints by giving you the first letter of each of the 25 names you are searching for. For example, two of the names begin with the letter A.
