*Resources in Education* ,1976      Metacognition Janet Metcalfe,2013-11-26 This special issue on the psychology of knowing about knowing bridges the parallels between social and cognitive psychology It further illustrates the benefits of pursuing in depth these connections and the phenomena and implications associated with them      **Mental Health** Robert E. Kime,1992      Race and Social Problems Ralph Bangs,Larry E. Davis,2014-09-18 As much as Americans believe in the promise of an egalitarian color blind society the reality is far from that ideal People of color consistently lag behind their white counterparts in key quality of life areas Despite many significant gains widespread structural inequalities continue to exist and thrive Race and Social Problems takes the long view of this state of affairs offering both multi level analysis and a practical blueprint for social justice It begins by explaining how race related social problems have changed over the decades This volume identifies factors contributing to their persistence in this century most notably the central role of economic disparities in exacerbating related social problems and replicating them for future generations The chapters expand on this knowledge by detailing innovative and successful strategies for addressing aspects of six major areas of inequality Poverty challenging standard American concepts of poverty Education approaches toward closing the achievement gap Intergroup relations enhancing race dialogues Family and lifespan programs targeting families youth and elderly Criminal justice reducing incarceration and increasing public safety Health and mental health promoting positive outcomes Race and Social Problems casts a wide net across the most pressing social issues clarifying both the immediate and larger tasks ahead for a range of professionals in such diverse fields as social work anthropology communications criminology economics history law political science psychology public health and sociology      *ACM Conference on the History of Medical Informatics* ,1987

**Medicine, Health and the Arts** Victoria Bates,Alan Bleakley,Sam Goodman,2013-10-23 In recent decades both medical humanities and medical history have emerged as rich and varied sub disciplines Medicine Health and the Arts is a collection of specially commissioned essays designed to bring together different approaches to these complex fields Written by a selection of established and emerging scholars this volume embraces a breadth and range of methodological approaches to highlight not only developments in well established areas of debate but also newly emerging areas of investigation new methodological approaches to the medical humanities and the value of the humanities in medical education Divided into five sections this text begins by offering an overview and analysis of the British and North American context It then addresses in depth the historical and contemporary relationship between visual art literature and writing performance and music There are three chapters on each art form which consider how history can illuminate current challenges and potential future directions Each section contains an introductory overview addressing broad themes and methodological concerns a case study of the impact of medicine health and well being on an art form and a case study of the impact of that art form on medicine health and wellbeing The underlining theme of the book is that the relationship between medicine health and the

arts can only be understood by examining the reciprocal relationship and processes of exchange between them This volume promises to be a welcome and refreshing addition to the developing field of medical humanities Both informative and thought provoking it will be important reading for students academics and practitioners in the medical humanities and arts in health as well as health professionals and all scholars and practitioners interested in the questions and debates surrounding medicine health and the arts     **The Spectator** ,1915 A weekly review of politics literature theology and art
