The Magician's Elephant.

A Note from the Author

The Magician's Elephant began for me in the lobby of a hotel in New York City, when a magician appeared before me. He did not literally appear, of course. But the image of him was so strong and I saw him so clearly that it felt almost as if he were standing there in front of me. He was a man of advanced years, a magician of failing reputation, and looking at him, I understood that he was tired of trickery, illusion, sleight of hand. He wanted to perform real magic.

Kate DiCamillo

About the Book

In a dark, cold city at the end of the century before last, a boy named Peter seeks a sister who might never have lived, a magician nearing the end of his career performs a feat that can't be done, and an elephant who doesn't know where she is finds a way home.... Impossible quests end triumphantly in Kate DiCamillo's luminous new novel, which conjures a world that is both completely magical and totally true.
