Toddler Lesson Plans For Language Development:

Developing Preschool Language Classrooms Paul E. Quin, 1990 This text is designed to assist in the replication of a successful classroom home language intervention program for mildly to moderately language impaired preschool children. The first portion of the manual discusses the rationale and operation of the program. Provided in the second part are sample lesson plans which provide specific examples of the integration of language remediation targets into preschool activities. After an introductory chapter a literature review examines a pragmatic approach to language intervention in the classroom. Appended to this chapter are resources on pragmatic skills. The next chapter considers the use of space furniture and learning materials in the classroom and includes a checklist for arranging and equipping a classroom. Staffing and training in the preschool language classroom are discussed next and samples of school newsletters and forms for training and home visits provided. The next chapter addresses planning and scheduling of language intervention and is followed by a consideration of classroom management with guidelines for managing behavior and a review of data collection in the classroom. Provided for each lesson plan in Part II is information on language targets materials and procedures. References accompany most chapters. DB

Language Disorders from Infancy Through Adolescence - E-Book Rhea Paul, Courtenay Norbury, 2012-01-14 *Language Disorders from Infancy Through Adolescence* 4th Edition is the go to text for all the information you need to properly assess childhood language disorders and provide appropriate treatment.
