Twain,1980-04-08 This is a small sampling of Mark Twain s life long fulminations against the editors printers and
proofreaders who subtly or grossly altered his work and shrouded his intentions as they transmitted his writing from
manuscript to type Through unauthorized changes and inadvertent errors Mark Twain s first publishers brought out texts full
of thousands of errors in form and content Later publishers then based their reprints on these corrupt editions and added
errors of their own It is the aim of the Iowa California edition to strip away this accretion of error and present texts faithful to
the author s intention By comparing all the life time version of Mark Twain s works the editors are able to isolate the author s
revisions from the printers and publishers changes The record of this comparison supplies not only the evidence for editorial
decisions but also the history of the author s efforts to shape his work In addition these volumes include previously
uncollected work work that has long been out of print and such unpublished writing as related drafts working notes and
marginalia The texts are established at the Center for Textual Studies at the University of Iowa or at the Mark Twain Papers
in The Bancroft Library at the University of California Berkeley The costs for editorial work have been met by generous
support from the Editing Program of the National Endowment for the Humanities an independent federal agency and other
institutional and private donors The edition is published by the University of California Press with financial assistance from
the Graduate College at the University of Iowa All volumes are submitted to the Center for Editions of american Authors or to
its successor the Committee for Scholarly Editions for examination and approval A Critical Analysis of Mark Twain's Tom
