comme une clé de la performance de la fonction juridique. En externe, certaines décisions juridiques relatives notamment aux politiques de responsabilité sociale ou de corporate governance menées par l'entreprise peuvent être utilisées comme des instruments de communication à l'égard des tiers. Le droit peut ainsi devenir un élément majeur de la communication institutionnelle et des stratégies marketing des entreprises. Ces garde-fous constituent des éléments minime-ment stratégiques. L'choix médiatique qui leur est donné peut être recherché et lorsque les justiciables subissent un procès, il est toujours possible d'en minimiser les effets à travers une communication judicieuse voire de transformer une défaite judiciaire en opportunité médiatique. Reunissant les contributions de juristes, d'experts en communication, de journalistes et de sociologues, cet ouvrage décrit et analyse donc le rôle de la communication dans l'activité juridique et judiciaire.

Proactive Law for Managers George Siedel, Helena Haapio, 2016-04-22 Savvy managers no longer look at contracts and the law reactively but use them proactively to reduce their costs, minimize their risks, secure key talent, collaborate to innovate, protect intellectual property, and create value for their customers that is superior to that offered by competitors. To achieve competitive advantage in this way, managers need a plan. Proactive Law for Managers provides this plan. The Manager's Legal Plan™. George Siedel and Helena Haapio first discuss the traditional reactive approach used by many managers when confronted with the law, then contrast it with a proactive approach that enables the law and managers' legal capabilities to be used to prevent problems, promote successful business, and achieve competitive advantage. Proactive Law for Managers shows how to use contracts and the law to create new value and innovate in often neglected areas and implement ideas in a profitable manner.
