Love in Every Season Debra Fileta, 2020-01-14 An Invitation to Love Well Through the Four Seasons Every relationship goes through four life changing seasons that play a pivotal role in taking your relationship to the next level But depending on how you navigate each season your relationship will either strengthen and grow or it will slowly begin to fade Maybe your relationship is in the first blooms of spring when friendship takes root and attraction blossoms Maybe you re in the season of summer and things are starting to heat up spiritually emotionally and physically Maybe you re deep in fall and your true colors are starting to shine through Or maybe you re in winter when the passion cools down and it would be all too easy to let the relationship freeze over Whether you re single dating engaged or married join author counselor and relationship expert Debra Fileta creator of TrueLoveDates com as she takes you on an eye opening psychological and spiritual journey through the four seasons of every healthy relationship You ll learn to Recognize each season as it comes and navigate it with intention focus and practical steps Avoid the pitfalls of each stage by preparing for the hard moments and seeing them as opportunities to grow and connect Celebrate not just the magical moments of each season but the day to day choices that pave the way for a lasting relationship No matter what your relationship status you re invited on a journey to strengthen and grow your love in every season

The Value of Debt in Retirement Thomas J. Anderson, 2015-02-27 Increase the odds you won t run out of money in retirement using debt Conventional wisdom is wrong being debt free in retirement may actually increase your risk The Value of Debt in Retirement teaches you how incorporating debt into your retirement strategy may increase your return lower your taxes and actually lower your risk You read that right If handled correctly debt that thing we ve all been taught to avoid can play an integral role in your life especially in retirement New York Times Best Selling Author and nationally acclaimed financial expert Tom Anderson shows you how to use the time tested strategies of the best companies and the ultra rich to retire comfortably minimize taxes buy the things you have always wanted to have and do the things you have always wanted to do Thought provoking and against the grain Anderson explains why your risk tolerance doesn t matter why being debt free may actually increase your risk and why rushing to pay off your mortgage may be a financial disaster Full of shocking revelations and tricks high net worth individuals have used for years The Value of Debt in Retirement opens the world to a new approach to wealth management in retirement one that factors in both sides of the balance sheet as an integrated ecosystem Real world case studies illustrate how informed debt strategies can lead to a happier healthier retirement See how an individual with a net worth of more than 5 million can spend 20 000 per month after

taxes and pay less than 5 000 per year in taxes how it is possible to increase your rate of return by 50% and how a lower risk portfolio with debt could increase the chances you do not run out of money Specifically written to Baby Boomers practical guides and checklists show how to use debt strategies to fund primary and secondary properties refinance credit card debt and finance hobbies such as cars and boats and recreational vehicles Additional guides show how you can help your children help your parents and leave a bigger legacy for your heirs and favorite charities Regardless of your net worth The Value of Debt in Retirement provides tools to use to apply these concepts to your personal situation There is no free lunch the book delivers a balanced perspective focusing on the potential risks and benefits of the strategies discussed A discussion on economic history highlights some of the shocks the economy may face and provides important warnings that you should factor into your retirement plan Anderson not only shows that your life expectancy may be longer than you think but also illustrates that many investors may be on track to average returns well under 4% for the next ten years a potentially devastating combination Irrespective of your beliefs about debt The Value of Debt in Retirement proves risk is more important than return for retirees and provides suggestions on ways to minimize that risk Not all debt is good and high levels of debt are bad The Value of Debt in Retirement is about choosing the right debt in the right amounts at the right time Perhaps most importantly this book isn't for everybody This book requires responsible actions If you can't handle the responsibility associated with the ideas then this book then it isn't for you If you need a rate of return under 3% from your investments then you may not need this book But if you can handle the responsibility and if you need a return above 3% this book may offer insights into the best and potentially only way to achieve your goals
