## Teacher Guide Crazy Loco:

Crazy Loco Love Victor Villaseñor, 2010-11-09 Growing up on his parents ranch in North San Diego County Victor Villaseñor's teenage years were marked by a painful quest to find a place for himself in a world he did not fit into. Discriminated due to his Mexican heritage Victor questions the tenets of his faith and the restrictions it places on his own spirituality and sexuality. Ultimately his search for identity takes him to Mexico to learn of his family's roots where he soon discovers that his heritage doesn't determine his intelligence or success. Through this often humorous and poignant tale Victor deftly undermines the macho stereotype so often associated with Latinos while exposing the tender vulnerability and naivete of a young man grappling with the roles foisted on him by the church and society. Victor's youthful misadventures elicit sympathy, laughter and tears as he attempts to divine the mysteries of the opposite sex in this powerful revealing memoir. The clarity that comes from Villaseñor's personal and cultural experience is not matched in any of Steinbeck's major works. Los Angeles Times

*Deconstructing the NYSTCE* Bridgette Gubernatis, 2016-11-07 The NYSTCE pedagogical exams are designed according to the Constructivist Learning Theory. Although many teachers have studied aspects of Constructivism in their college programs including Piaget, Bloom, Vygotsky and Gardner the connection between these theorists is not always clarified. This book teaches you the correct approach for deconstructing the questions on the exam in order to pick the correct answer. This study guide is designed to help prospective teachers understand this theory and how it applies to learning. The strategies are easy to understand and are the key to passing these State exams. The book covers strategies for decoding the questions and outlines for writing a strong essay as well as common mistakes that teachers make when taking the exams. This time pass the exam.

**When Kids Can't Read, what Teachers Can Do** G. Kylene Beers, 2003 For Kylene Beers the question of what to do when kids can't read surfaced in 1979 when she met and began teaching a boy named George. When George's parents asked her to explain why he couldn't read and how she could help Beers, a secondary certified English teacher with no background in reading, realized she had little to offer. That moment sent her on a twenty-three year search for answers to the question: How do we help middle and high schoolers who can't read? Now she shares what she has learned and shows teachers how to help struggling readers with comprehension, vocabulary, fluency, word recognition and motivation. Filled with student transcripts, detailed strategies, reproducible material and extensive booklists Beers' guide to teaching reading both instructs and inspires.
