Companion to Contemporary Black British Culture Alison Donnell, 2002-09-11 The Companion to Contemporary

Black British Culture is the first comprehensive reference book to provide multidisciplinary coverage of the field of black cultural production in Britain. The publication is of particular value because despite attracting growing academic interest in recent years this field is still often subject to critical and institutional neglect. For the purpose of the Companion the term black is used to signify African Caribbean and South Asian ethnicities while at the same time addressing the debates concerning notions of black Britishness and cultural identity. This single volume Companion covers seven intersecting areas of black British cultural production since 1970: writing, music, visual and plastic arts, performance, works, film and cinema, fashion and design, and intellectual life. With entries on distinguished practitioners, key intellectuals, seminal organizations and concepts as well as popular cultural forms and local activities, the Companion is packed with information and suggestions for further reading as well as offering a wide lens on the events and issues that have shaped the cultural interactions and productions of black Britain over the last thirty years. With a range of specialist advisors and contributors, this work promises to be an invaluable sourcebook for students, researchers and academics interested in exploring the diverse, complex and exciting field of black cultural forms in postcolonial Britain.

Written by intellectual leaders in the field from the UK, the Americas, Europe, and Australia, this collection of essays explores the significance of the family and of familial and quasi-familial relationships in texts by a wide range of authors including the Grimms, Frances Hodgson Burnett, Rudyard Kipling, Enid Blyton, Judy Blume, Jacqueline Wilson, Malorie Blackman, Melvin Burgess, J.K. Rowling, Neil Gaiman, and others. Author-based and critical survey essays explore evolving depictions of LGBTQIA and BAME families, migrant and refugee narratives, the popular tropes of the orphan protagonist and the wicked stepmother, sibling and intergenerational familial relationships, fathers and fatherhood, the anthropomorphic animal and surrogate family, and the fractured family in paranormal and dystopian YA literature. The breadth of essays in *Family in Children's and Young Adult Literature* encourages readers to think beyond the outdated but culturally privileged nuclear family and is a vital resource for students, academics, educators, and practitioners.
