Teaching The Digital Generation No More Cookiecutter High Schools:

Teaching the Digital Generation Frank S. Kelly,Ted McCain,Ian Jukes,2008-09-17 This might well be THE contemporary manual for effective education reform In a world where the future is now schools are falling behind It is a lag we can no longer afford Sean M Nosek Principal Westview Secondary School Maple Ridge BC Canada This is the most important book about high schools since Breaking Ranks for school facilities planners David E Anstrand Principal Education Environment Planning Consultants Board Member Council of Educational Facility Planners International Discover options for instruction and school design that reflect the needs of 21st century students Preparing students to meet the demands of a constantly changing technology driven environment presents today s educators with unique challenges This innovative resource demonstrates how traditional industrial type high schools have become outdated and helps school leaders plan facilities and curriculum in ways that benefit students academic development and performance Teaching the Digital Generation examines how educators can address the learning needs of secondary students immersed in a digital world by designing and implementing new instructional models and technology infrastructure The authors explore ten alternative high school models that address 21st century skills such as critical thinking problem solving and digital literacy and pose five critical considerations What should instruction and learning look like in a 21st century school How can technology foster this kind of learning What noninstructional components are required How can time be used differently to support our vision How can new facility design turn this vision into reality Incorporating issues of facility design with curriculum and instructional planning the authors offer educational leaders a new vision for schools *Teaching the Digital Generation* Frank S. Kelly,Ian Jukes,Ted D. E. McCain,2009 **Teaching the Digital Generation** Frank S. Kelly,Ted McCain,Ian Jukes,2008-09-17 The authors show how traditional industrial type high schools have failed to meet students learning needs and explore ten alternative high school models that address 21st century skills **A Brief History of the Future of Education** Ian Jukes,Ryan L. Schaaf,2018-12-28 The Future Tense of Teaching in the Digital Age The digital environment has radically changed how and what students need and want to learn but has educational delivery radically changed Get ready to be challenged to accommodate today s learners as opposed to allowing default classroom practices With its touches of humor and choose your own adventure approach the book encourages readers to search for interesting relevant or required material and then jump right in At its core readers will Consider predictions about future learning Understand how to leverage nine core learning attributes of digital generations Discover ten critical roles educators can embrace to remain relevant in the digital age *The Evolution of Teaching* Rich Waters,2014-10-08 The Evolution of Teaching invites teachers to rethink what teachers and schools do The need to rethink the role of teachers is driven by an abundance of data showing that teachers are increasingly unhappy with their work Most critically they feel a loss of control over their work and their profession as they witness teacher voices being marginalized by impersonal authorities outside of schools who dictate more

and more of what teachers and schools must do The antidote to this condition is the evolution of teaching Teachers need to take charge and lead change They need to redefine teaching and schooling in such a way that it authentically supports student learning and teacher learning They must redefine it in a way that supports every teacher s desire to have a personal impact on students while having control over their own work stakeholder standing as respected professionals and a full career of professional growth As A Guidebook to the Advancement of Teaching Teacher Education and Happier Careers this text will assist teachers in reconceiving the profession of teaching in ways that will make it more personally satisfying while acknowledging that the work of teachers in the twenty first century must necessarily be different from what we have now legacy practices of standardization left over from the industrial age *Apps for Learning* Harry J. Dickens,Andrew Churches,2011-10-20 Provides detailed descriptions of forty apps that can be used in high school classrooms

Progressive Rhetoric and Curriculum Theodore Christou,2017-10-20 Progressive Rhetoric Contested Visions of Public Education in Interwar Ontario considers the ways that progressivist ideas and rhetoric shaped early curriculum and structural changes to Ontario s public schools Through a series of case studies conceptual analyses and personal reflections from the field this volume shows how post WWI era debates around progressive education were firmly situated within political economic social and intellectual evolutions in the province and beyond By framing contemporary educational rhetoric in light of historical concepts and arguments Progressive Rhetoric adds to the ongoing historical examination of the meaning of progressive education in the modern age **Developing Professional Practice 14-19** Andrew Armitage,Gina Donovan,Karen Flanagan,Sabrina Poma,2013-11-04 The Developing Professional Practice series provides a thoroughly comprehensive and cutting edge guide to developing the necessary knowledge skills and understanding for teaching within the 0 7 7 14 or 14 19 age ranges Each of the three titles offers a genuinely accessible and engaging introduction to a wide range of professional practice supporting the education of babies to young adults Discussion of current developments in theory policy and research is combined with guidance on the practicalities of working with each age group Numerous examples of real practice are included throughout along with a range of additional features to help promote understanding
