Urban Undergrounds Patricia García, David Pike, 2025-05-20 Research in urban development in the social sciences has increasingly emphasized the importance of underground infrastructure for envisaging sustainable cities and for critiquing the economies of extraction *Urban Undergrounds* Contemporary Literary and Cultural Perspectives demonstrates the urgency of integrating a below ground perspective into the emerging field of the Urban Humanities The collection is divided into three thematic sections that cluster and revisit different sets of well known motifs in Underground Studies Displaced Buried and Wasted It showcases the intermedial nature of underground focused analyses in literature extending from literary texts to a wider range of cultural forms including films graphic novels and videogames The contributors build on recent scholarship that has expanded the field into new interdisciplinary areas including intersections with memory studies ecocriticism and decolonial perspectives *Urban Undergrounds* also explores lesser studied subterranean spaces including those of Warsaw Athens Mexico City

Johannesburg and Santiago de Chile The book's substantial introduction offers a guiding theoretical and methodological framework for future scholars working with underground perspectives in literary and cultural studies This thought provoking and illuminating collection is a valuable resource for students and scholars in the areas of Literary Urban Studies

Underground Studies and Geocriticism and more broadly in the Urban Humanities and Spatial Humanities *The Flight of the Vernacular* Maria Cristina Fumagalli, 2021-10-18 In this book Dante Seamus Heaney and Derek Walcott engage in an eloquent and meaningful conversation Dante's capacity for being faithful to the collective historical experience and true to the recognitions of the emerging self the permanent immediacy of his poetry the healthy state of his language which is so close to the object that the two are identified and his adamant refusal to get lost in the wide and open sea of abstraction all these are shown to have affected and to continue to affect Heaney's and Walcott's work The Flight of the Vernacular however is not only a record of what Dante means to the two contemporary poets but also a cogent study of Heaney's and Walcott's attitude towards language and of their views on the function of poetry in our time Heaney's programmatic endeavour to be adept at dialect and Walcott's idiosyncratic redefinition of the vernacular in poetry as tone rather than as dialect apart from having Dantean overtones are presented as being associated with the belief that poetry is a social reality and that language is a living alphabet bound to the opened ground of the world The Translations of Seamus Heaney Seamus

Heaney, 2023-03-21 The complete translations of the poet Seamus Heaney a Nobel laureate and prolific revolutionary translator Seamus Heaney's translation of Beowulf published in 1999 was immediately hailed as an undisputed masterpiece something imperishable and great James Wood The Guardian A few years after his death in 2013 his translation of Virgil's Aeneid Book VI caused a similar stir providing a remarkable and fitting epilogue to one of the great poetic careers of recent times Nick Laird Harper's Magazine Now for the first time the poet critic and essayist's translations are gathered in one volume Heaney translated not only classic works of Latin and Old English but also a great number of poems from Spanish Romanian Dutch Russian German Scottish Gaelic Czech Ancient and Modern Greek Middle and Modern French and Medieval and Modern Italian among other languages In particular the Nobel laureate engaged with works in Old Middle and Modern Irish the languages of his homeland and early education As he said If you lived in the Irish countryside as I did in my childhood you lived in a primal Gaeltacht In The Translations of Seamus Heaney Marco Sonzogni has collected Heaney's translations and framed them with the poet's own writings on his works and their composition sourced from introductions interviews and commentaries Through this volume we come closer to grasping the true extent of Heaney's extraordinary abilities and his genius **Burns and Other Poets** David Sergeant, 2011-11-30 New essays on Burns special place in

Scottish English and Irish literary culture In this volume 17 leading Burns scholars poetry critics and practising poets reflect on the enduring significance of one of the most important poets of the 18th century They show that Burns was a highly innovative and technically accomplished poet as capable of transforming earlier traditions as of launching new literary trends

Looks at Burns place amongst his literary predecessors contemporaries and heirs including Scottish poets such as Ramsay Fergusson Byron Hogg MacDiarmid Paterson Dunn Mackay Brown English poets such as Milton Addison Gray Wordsworth Classical writers such as Virgil Irish poets such as Merriman Goldsmith Dermody Heaney By looking at Burns in the context of other poets each chapter sheds new light on his own practices and the practice of poetry in general They investigate the political national philosophical and ethical aspects of his poetry showing how you can deepen

Sacrifice and Modern War Literature Alex Houen, Jan-Melissa Schramm, 2018-06-14 Sacrifice and Modern War Literature is the first book to explore how writers from the early nineteenth century to the present have addressed the intimacy of sacrifice and war It has been common for critics to argue that after the First World War many of the cultural and religious values associated with sacrifice have been increasingly rejected by writers and others However this volume shows that literature has continued to address how different conceptions of sacrifice have been invoked in times of war to convert losses into gains or ideals While those conceptions have sometimes been rooted in a secular rationalism that values lost lives in terms of political or national victories spiritual and religious conceptions of sacrifice are also still in evidence as with the martyrdom operations of jihadis fighting against the war on terror Each chapter presents fresh insights into the literature of a particular conflict and the contributions explore major war writers including Wordsworth Kipling Ford Madox Ford and Elizabeth Bowen as well as lesser known authors such as Dora Sigerson Richard Aldington Thomas Kinsella and Nadeem Aslam The volume covers multiple genres including novels poetry particularly elegy and lyric memoirs and some films The contributions address a rich array of topics related to wartime sacrifice including scapegoating martyrdom religious faith tragedy heroism altruism bare life atonement and redemption

The Letters of Seamus Heaney Seamus Heaney, 2024-09-10 The letters provide us with an intimate multilayered understanding of this extraordinary poet's life and mind Every now and again I need to get down here to get into the Diogenes tub as it were or the Colmcille beehive hut or the Mossbawn scullery At any rate a hedge surrounds me the blackbird calls the soul settles for an hour or two In this astute selection from Seamus Heaney's vast correspondence we are given direct access to the life and poetic development of a literary titan from his early days in Belfast through his controversial decision to settle in the Republic to the gradual broadening of horizons that culminated in the award of the Nobel Prize in Literature and the years of international eminence that kept him heroically busy until his death Christopher Reid draws from both public and private archives to reveal this remarkable story in the poet's own words Generous funny exuberant confiding irreverent empathetic and deeply thoughtful The Letters of Seamus Heaney encompasses decades long relationships with friends and colleagues as well as an unstinted responsiveness to passing acquaintances Heaney's mastery of language is as evident here as it is in any of his writings listening to his voice we find ourselves in the same room as a man whose presence enriched the world and whose legacy deepens our sense of what truly matters

Seamus Heaney Bernard O'Donoghue, 2009 An up to date overview of Heaney's career thus far with detailed readings of all his major publications **The Redress of Poetry** Seamus Heaney, 2025-08-22 Heaney's ten lectures as Professor of Poetry at Oxford collected here in *The Redress of Poetry* explore the poetry of a wide range of writers from Christopher Marlowe to John Clare to Oscar Wilde Whether he concentrates on moments in the works under discussion or is concerned to advance his general subject Heaney's insight and eloquence are themselves of poetic order Preposterous Virgil Juan Christian Pellicer, 2022-06-02 This study in reception develops close readings of English literature as means of interrogating Virgil's texts Through four case studies bookended by wide ranging introductory and concluding chapters this book shows how interpreting the *Eclogues* *Georgics* and *Aeneid* through modern responses can serve to focus on aspects of Virgil that would otherwise be differently perceived or else escape notice altogether Juan Christian Pellicer probes our perceptions of the three Virgilian genres pastoral georgic and epic and analyzes the ways in which modern reconfigurations of these genres can inform our readings of Virgil's works as well as help us realize how our own ideas about Virgil reflect the literary receptions through which we approach his texts This book offers a practical demonstration of classical reception and its value as a critical procedure By testing the value of modern responses to Virgil as means by which to read his texts Pellicer critically examines a central tenet of reception studies of classical authors namely that our understanding of their work can benefit from the receptions through which we perceive them The reader will find Virgil's texts reconfigured in challenging new ways and will find new appreciations of the classical traditions that inform key texts in the English canon **A Companion to Poetic Genre** Erik Martiny, 2011-10-13 *A COMPANION TO POETIC GENRE* *A COMPANION TO POETIC GENRE* This eagerly awaited Companion features over 40 contributions from leading academics around the world and offers critical overviews of numerous poetic genres Covering a range of cultural traditions from Britain Ireland North America Japan and the Caribbean among others this valuable collection considers ancient genres such as the elegy the ode the ghazal and the ballad before moving on to Medieval and Renaissance genres originally invented or codified by the Troubadours or poets who followed in their wake The book also approaches genres driven by theme such as the calypso and found poetry Each chapter begins by defining the genre in its initial stages charting historical developments and finally assessing its latest mutations be they structural thematic parodic assimilative or subversive *Negotiations: Poems in their Contexts* Neil Corcoran, 2023-04-01 This book by the eminent poetry critic Neil Corcoran examines the ways in which the work of significant modern Irish British and American poets interacts with or negotiates different contexts historical social political artistic and aesthetic In Part 1 important work by David Jones Robert Graves Seamus Heaney and Bob Dylan is shown to negotiate poetic methods both traditional and modernist and also the work of major earlier writers to produce strikingly original new forms and Derek Mahon's prose is read in the light of these concerns The book shows how by negotiating in this way their work engages profoundly with complex and sometimes terrible histories including the First World War and the Northern Irish Troubles Part

2 discusses the ways in which ekphrastic work poems which engage with visual art by Elizabeth Bishop W S Graham John Ashbery Sylvia Plath and Ciaran Carson negotiates comparable poetic and historical inheritances while also inventively responding to work by significant artists notably Parmigianino Poussin de Chirico Klee and members of the St Ives School The book is a signal contribution to current critical debates about these poets situating them in original or newly clarified contexts and it offers exemplary close readings of noteworthy poems *Seamus Heaney* Rand Brandes, Michael J.

Durkan, 2008 Poetry **Classical Presences in Irish Poetry after 1960** Florence Impens, 2018-01-02 This book provides the first overview of classical presences in Anglophone Irish poetry after 1960 Featuring detailed studies of Seamus Heaney Michael Longley Derek Mahon and Eavan Boland including close readings of key poems it highlights the evolution of Irish poetic engagements with Greece and Rome in the last sixty years It outlines the contours of a movement which has transformed Irish poetry and accompanied its transition from a postcolonial to a transnational model from sporadic borrowings of images and myths in the poets early attempts to define their own voices to the multiplication of classical adaptations since the late 1980s at first at a time of personal and political crises notably in Northern Ireland and more recently as manifestations of the poets engagements with European and other foreign literatures *Crisis and Contemporary Poetry* A. Karhio, S. Crosson, C. Armstrong, 2010-11-24 What are the means available to poetry to address crisis and how can both poets and critics meet the conflicts and challenges they face This collection of essays addresses poetic and critical responses to the various crises encountered by contemporary writers and our society from the Holocaust to the ecological crisis **The Oxford History of the Irish Book, Volume V** Clare Hutton, Patrick Walsh, 2011-06-23 Part of a series providing an authoritative history of the book in Ireland this volume comprehensively outlines the history of 20th century Irish book culture This book embraces all the written and printed traditions and heritages of Ireland and places them in the global context of a worldwide interest in book histories *Seamus Heaney's Gifts* Henry Hart, 2024-12-13 The fact of the matter Seamus Heaney said in a 1997 interview with the Paris Review is that the most unexpected and miraculous thing in my life was the arrival in it of poetry Throughout his career Heaney who received the 1995 Nobel Prize in Literature maintained that poetry came to him from a mysterious source like a gift of grace He also believed that the recipient of this sort of boon had an ethical obligation to share it with others Seamus Heaney's Gifts by the noted scholar and poet Henry Hart offers the first comprehensive examination of Heaney's preoccupation with gifts and gift exchange Drawing on extensive research in Heaney's papers as well as three decades of correspondence with the poet Hart presents a richly detailed study of Heaney's life and work that foregrounds the Irishman's commitment to the vocation of poetry as a public art to be shared with audiences and readers around the world Heaney traced his devotion to gifts back to the actual present of a Conway Stewart fountain pen that his parents gave him at the age of twelve when he left his family farm in Northern Ireland to attend a private Catholic secondary school in Londonderry He commemorated this gift in Digging the first poem in his first

book and in two poems he wrote near the end of his life *The Conway Stewart* and *On the Gift of a Fountain Pen* Friends and doctors had warned him that his endless globetrotting to give lectures and poetry readings had damaged his health Yet he felt obligated to share his talent with audiences around the world until his death in 2013 As Hart shows Heaney found his first models for gift giving in his rural community in Northern Ireland the Bible the rituals of the Catholic Church and the literature of mystical and mythical quests Blending careful research with evocative commentaries on the poet's work *Seamus Heaney's Gifts* explains his ideas about the artist's gift the necessity of gift exchange acts and the moral responsibility to share one's talents for the benefit of others **Seamus Heaney** Eugene O'Brien, 2003-10-20 Thematically arranged and clearly structured this book explores the seminal themes in Heaney's writing aesthetics politics language identity and myth ethics and notions of Irishness A central strand of this study is an exploration of Heaney's ethical and political project with respect to issues of Irish identity as outlined in his writings This work suggests that there are analogies between Heaney's political and ethical thought and that of Jacques Derrida Maurice Blanchot and Emmanuel Levinas Each chapter concentrates on a single theme his sense of the aesthetic and its role in terms of politics and ethics his relationship with politics as a contemporary situation his notion of place both as a given and as something that could be reimagined his enunciation of a sense of visceral identity his concept of ethics in terms of a relationship between selfhood and alterity his notion of the many threads which combine to produce a sense of Irishness Finally the Nobel lectures of Yeats and Heaney are examined in order to trace the complex relationship between these two writers *Books Ireland* ,2001
