Natelson, 2014-11-10 Knowledge is Power This book is full of facts that even many experts don't know From it you will learn The Constitution's hidden meanings Many of its words and phrases meant something different in the 18th century than they do today How the founders wanted the Constitution interpreted Is it really a living document The answers may surprise you How the original Constitution protected your rights What a privilege is and how it is different from a right How the framers were ahead of their time in respecting women and minorities Large Print Edition Third Edition **Failed State** Christopher Moritz, 2025-03-25 California was once the crown jewel of the American dream prosperous innovative egalitarian and aspirational Today it stands as a dystopian warning of what happens when nihilistic radical ideology consumes the foundations of governance In Failed State Christopher Moritz dissects the unraveling of the Golden State with the precision of a lawyer the depth of a historian and the heartbreak of a California native son who has witnessed its collapse firsthand Through disturbing relentless detail drawn from whistleblowers law enforcement insiders and classified reports he exposes

the corrosive and deadly impact of progressive policies that have prioritized criminals over victims cartels over citizens and ideological dogma over law and order Moritz reveals the architects of this catastrophe rogue prosecutors bankrolled by anarchist billionaires open border zealots who have transformed California into a cartel haven and policymakers who have gutted public safety in the name of equity The 2025 Palisades Fire a man made disaster epitomize this descent into chaos Fire hydrants ran dry while organized looters turned evacuation zones into war zones Resources were squandered on symbolic virtue signaling as ordinary citizens were left defenseless in the face of destruction These failures are not isolated they are the inevitable result of policies designed to dismantle civic order and empower anarchic forces at the expense of law abiding Americans Yet Failed State is more than an autopsy of California s collapse Drawing on historical parallels from the Bolshevik Revolution s destruction of Christian Russia to the ethnic cleansing of Rhodesia by Mugabe s communists Moritz warns that California s crisis is not contained to the Golden State It is a harbinger for America s future if these radical trends metastasize nationwide His searing analysis reveals the systematic dismantling of civil society and the betrayal of a state s duty to its citizens all in service of an anti civilization agenda cloaked in the language of progress Unflinching provocative and unapologetically honest Failed State is a rallying cry for those who refuse to stand by as America s most prosperous state spirals into lawlessness and disorder For those seeking clarity amid chaos Christopher Moritz delivers a blistering indictment of failed leadership and a warning that the unraveling of California could signal that unraveling of the nation itself

The Constitution Michael Stokes Paulsen,Luke Paulsen,2017-01-03 The definitive modern primer on the US Constitution an eloquent testament to the Constitution as a

covenant across generations National Review From freedom of speech to gun ownership religious liberty to abortion practically every aspect of American life is shaped by the Constitution Yet most of us know surprisingly little about the Constitution itself In The Constitution legal scholars Michael Stokes Paulsen and Luke Paulsen offer a lively introduction to the supreme law of the United States Beginning with the Constitution s birth in 1787 Paulsen and Paulsen offer a grand tour of its provisions principles and interpretation introducing readers to the characters and controversies that have shaped the Constitution in the 200 plus years since its creation Along the way the authors correct popular misconceptions about the Constitution and offer powerful insights into its true meaning This lucid guide provides readers with the tools to think critically about constitutional issues a skill that is ever more essential to the continued flourishing of American democracy

Was Frankenstein Really Uncle Sam? Vol III Richard J. Rolwing, 2007-03-31 Florida Law Review, 2017-11

Life's Dominion Ronald Dworkin, 2011-05-11 Internationally renowned lawyer and philosopher Ronald Dworkin addresses the crucially related acts of abortion and euthanasia in a brilliantly original book that examines their meaning in a nation that prizes both life and individual liberty From Roe v Wade to the legal battle over the death of Nancy Cruzan no issues have opened greater rifts in American society than those of abortion and euthanasia At the heart of Life s Dominion is Dworkin s inquest into why abortion and euthanasia provoke such controversy Do these acts violate some fundamental right to life Or are the objections against them based on the belief that human life is sacred Combining incisive moral reasoning and close readings of individual court decisions with a majestic interpretation of the U S Constitution itself Dworkin gives us a work that is absolutely essential for anyone who cares about the legal status of human life *The Original Constitution* Robert G. Natelson, 2010 Some people including the former law instructor who now serves as President of the United States believe that it is impossible to reconstruct the Constitution s original meaning As this book demonstrates that view is substantially incorrect The Original Constitution fills a void that has existed for a long time the need for a clear complete easy to read guide to what our Constitution really means Using evidence overlooked by nearly all other writers and assessing it with scrupulous objectivity The Original Constitution tells you the truth about the Constitution The Constitution the Founders gave us that is instead of the distorted version of it foisted upon us today In The Original Constitution you will learn What the Founders empowered Congress to do and the limits they imposed Why modern free speech law is largely wrong What the Constitution s ban on establishment of religion really means The facts may surprise you How politicians and activist judges pulled American government away from its constitutional roots What the Constitution really means when it uses terms like impeachment commerce necessary and proper and natural born The Original Constitution is a timeless work It gives you the tools you need to understand the proper role of the federal government and to counter common myths about America s Founders and the Constitution they gave us Written in a style readily understandable by the average citizen this book certainly will be an indispensable part of your personal library **Words of the Founding Fathers** Steve
