The Original Night Stalker Portrait Of A Killer:

The Night Stalker Philip Carlo, 2013-04-02 We've all got the power in our hands to kill but most people are afraid to use it. The ones who aren't afraid control life itself. Richard Ramirez. Ten years after the murder spree that left thirteen people dead and paralyzed the city of Los Angeles with fear, his name is synonymous with Satanism, torture, and sadistic murder. Yet despite the sensational nature of his crimes, no one has ever been able to tell the complex story of the killer whose seductive brooding looks still draw women like moths to a flame, a man millions call the devil himself. Until Now. Painstakingly researched over three years based on nearly one hundred hours of exclusive interviews with Richard Ramirez on California's Death Row, The Night Stalker is the definitive account of America's most feared serial murderer. From Ramirez's earliest brushes with the law to his deadliest stalking expeditions to the unprecedented police and civilian manhunt that resulted in one of the most sensational trials in California history, The Night Stalker is an eerie and spellbinding descent into the very heart of human evil. It is more than epic nonfiction; at its brutally real, it is a true crime masterpiece. The Television

With the addition of new chapters on Dark Shadows, the author further explores the groundbreaking daytime television serial. Fans and scholars alike will find an exhaustive account of Curtis's work as well as a new foreword from My Music producer Jim Pierson and an afterword from Dr. Mabuse director Ansel Faraj. From April of 1984 to August of 1985, Richard Ramirez entered the homes of families from El Paso to San Francisco. He raped, mutilated, and tortured his unfortunate victims in one of the most vicious crime sprees in California history. This is the horrifying account of his bloody journey of the strange coincidence that led to his arrest and of the sensational trial where the Night Stalker's eerie sexual magnetism resulted in women actually demonstrating for his acquittal. **The Science of Cold Case Files** Katherine Ramsland, 2004 From the author of The Forensic Science of CSI comes a new book on the absorbing true stories behind the pioneering A-E television series.
