Probing Our Judeo-Christian Inheritance (For Freethinkers) Max Burnett, 2016-04-12 We are living in the end age of Christianity as we have known it. Our culture needs to be revamped and we need to question our routine yearly celebrations of Jewish recordings that are unrelated to the mythos we espouse. In other words we need to change our way of thinking. Author Max Burnett's *Probing Our Judeo-Christian Inheritance for Freethinkers* is a fresh look at the core building block of Western civilization. Burnett goes well beyond modern day writers who want to change and save Christianity as we have known it. He clarifies what Christianity could have been and challenges recent books on zealotry. Burnett calls for a revival of the effort to discover the esoteric significance of our Jewish inheritance and to appreciate the allegorical method of Bible interpretation. You'll discover a completely new interpretation of the Testaments from alpha to omega. *Probing Our Judeo-Christian Inheritance for Freethinkers* is a controversial work that challenges all traditional and orthodox interpretations. It will be appreciated by the genuine freethinker and any person craving a greater understanding of the ancients' original message.

The Fall of the New Babylon Frederick Guttman, The advent of the industrial age was the beginning of the U.S. era. The young nation was beginning to leave the greats behind, empires that until then had sustained great hegemonies. The Jesuits saw a unique opportunity in this American continent to reestablish Catholic power but also the European oligarchies they wanted to use these lands to expand their power and influence. USA it was the ideal fertile and prosperous land from which to direct a new world government. With the rise of the mighty North American empire both in the Bible and in recent and not so recent visions saw clear references to a decisive stage in our history of the hand of this nation. Said country starting with promoting values biblical would become the mother of the most rotten forces that operate on our planet. A den of thieves, a den of spirits, abhorrent, greedy, greedy and unscrupulous men, souls sold to power and wealth, prostitution and degradation at its most high levels, nameless aberrations and the most sinister of all, this hidden from the eyes of the people, ignorant of all that takes place behind back stage. As in a cunning game of chess, sometimes the queen is sacrificed for a greater end, sometimes the fall of an important head in the power game it can mean the rise of an empire one greater than that which has ever existed on the face of our globe. On This thesis will expose what many of us are clear about is destruction of the United States of America as we know it as a Master strategy of the Masters of the World to bring up the last great empire of our time. We are talking about the raising of a dictatorial world government based on surveillance technology, police force and mass mind control. A system that the own Bible called the Thirion or The Beast. In this investigation I will explain why the book of Revelation prophesies about the power behind the US that so called Deep State of the that the Q Anon movement has

propagandized that power in the shadow that is known in Christianity under the name of the Great Harlot or The Great Babylon We do not talk about the suicide of the Deep State but of a sum of events that push the cataclysm of the USA as the headquarters of the same to make room for a world government
