Scott Fitzgerald William Faulkner Richard Wright Flannery O'Connor Cormac McCarthy and other masters of fiction The essays in this collection pay detailed attention to both the genuine artistry and the cultural significance of crime fiction in the United States It emphasizes American crime fiction's inquiry into the nature of democratic society and its exploration of injustices based on race class and or gender that are specifically located in the details of American experience Each of these essays exists on its own terms as a significant contribution to scholarship but when brought together the collection becomes larger than the sum of its pieces in detailing the centrality of crime fiction to American literature This is a crucial book for all students of American fiction as well as for those interested in the literary treatment of crime and detection and also has broad appeal for classes in American
