The Moor S Account:

The Moor's Account Laila Lalami, 2015-09-22 An exquisite piece of historical fiction Winnipeg Free Press The Moor's Account is brilliantly imagined fiction rewritten to give us something that feels very like the truth Salman Rushdie In 1527 the conquistador P nfilo de Narv ez left the port of San Lucar de Barrameda in Spain with a crew of more than five hundred men His goal was to claim what is now the Gulf Coast of the United States for the Spanish crown and in the process become as wealthy and as famous as Hern n Cort s But from the moment the Narv ez expedition reached Florida it met with incredibly bad luck storms disease starvation hostile Indians Within a year there were only four survivors the expedition's treasurer Cabeza de Vaca a Spanish nobleman named Alonso del Castillo Maldonado a young explorer by the name of Andr s Dorantes and his Moroccan slave Mustafa al Zamori The four survivors were forced to live as slaves to the Indians for six years before fleeing and establishing themselves as faith healers Together they traveled on foot through present day Florida Texas New Mexico and Arizona gathering thousands of disciples and followers along the way In 1536 they crossed the Rio Grande into Mexican territory where they stumbled on a group of Spanish slavers who escorted them to the capital of the Spanish empire M xico Tenochtitl n Three of the survivors were asked to provide testimony of their journey Castillo Dorantes and Cabeza de Vaca who later wrote a book about this adventure called La Relac on or The Account But because he was a slave Estebanico was not asked to testify His experience was considered irrelevant or superfluous or unreliable or unworthy despite the fact that he had acted as a scout an interpreter and a translator This novel is his story [Study Guide](#)

The Moabites who are the Moors Sheik Way-El, 2017-06-04

The Moors are descendants of the ancient Moabites For many years this claim made by Prophet Noble Drew Ali founded of the Moorish Science movement in America was laughed at and scoffed at The thoughts of Moab strictly being confined to a people invented by the biblical codex writers seemed absurd and rather obscure However Noble Drew Ali was not linking the people falsely called Black to a biblical people instead he was linking them to a historical people whom the bible mentions in a distorted way within its texts From here the plan of these seeking racism and oppression via their Bibles become clear especially here in America This book squashes all doubt about the Moors of America also called African Americans and their connection to the ancient Moabites

Making Sense of the Intercultural Adrian Holliday, Sara Amadas, 2019-11-19 In this book we wish to find a new way of talking about connecting and operationalising the third space narratives positioning and interculturality Our purpose is to shake established views in what we consider to be an urgent quest for dealing with prejudice We therefore seek to draw attention to the following How Centre structures and large culture boundaries are sources of prejudice How deCentred intercultural threads address prejudice by dissolving these boundaries How in everyday small culture formation on the go the cultural and the intercultural are observable and become indistinguishable How agency personal and grand narratives discourses and positioning become visible in unexpected ways How we researchers also bring competing narratives in making sense of the intercultural How third spaces are discordant and uncomfortable places in

which all of us must struggle to achieve interculturality This book is therefore a journey of discovery with each chapter building on the previous ones While throughout there are particular empirical events interviews reconstructed ethnographic accounts and research diary entries with their own detailed analyses and insights they connect back to discussion in previous chapters *The modern part of An universal history, from the earliest accounts to the present time*, 1784 **Reports of**
