Through tightly constructed arguments presented in engaging prose Pierce conveys her deep knowledge of legal philosophy and her passion for rights as she takes on such issues as AIDS gay marriage animal liberation and feminist separatism She combats the prevailing view of Plato as sexist and explores Sartre s views of holes and slime She also examines the work of contemporary authors in ecology biology sociobiology and religion to reveal their reliance on nature for ethical conclusions and she criticizes recent efforts to root a feminist natural law in Thomism With natural law concepts now in fashion with many conservatives and even some Supreme Court justices Pierce s essays offer a necessary perspective on where current legal and ethical thinking is headed *Immovable Laws Irresistible Rights* is invigorating reading for all scholars students and interested readers who seek a better understanding of these arguments and the issues affected by them [The Cambridge History of Eighteenth-century Philosophy](#) Knud Haakonssen,2006 This two volume set presents a comprehensive and up to date history of eighteenth century philosophy The subject is treated systematically by topic not by individual thinker school or movement thus enabling a much more historically nuanced picture of the period to be painted **The Cultured Man** Ashley Montagu,2018-04-03 THIS BOOK S purpose is to tell you what a cultivated person is what the value of the cultured person is to himself his fellows and his society and finally the kind of things the cultured person knows thinks and feels The point of the book is that it may succeed in giving you a fair idea of where you stand in relation to the continuum of culture and help you understand in what further direction you need to proceed Ashley Montagu Ph D This provocative book first published in 1958 is an inquiry into and an answer to three very important questions 1 What is a cultured man 2 What does culture mean in America 3 What is YOUR culture quotient Dr Montagu analyzes and evaluations the first two questions above in a brilliant opening essay He then provides 50 tests 1 500 questions with answers which explore YOUR knowledge and attitudes and which enable you not only to determine where you stand as a truly cultured person but also to find out precisely in what directions you need to move to improve your culture quotient From ballet to biology from psychology to sex this is an instructive test of your own intellectual status a challenge and a guide to self improvement Dr Montagu was a professor of anthropology at Rutgers University before retiring in order to devote all his time to writing He was well known for his TV and radio appearances and became a renowned author **Women in Christ** Michele M. Schumacher,2004 The challenge of promoting the new feminism has barely been addressed since it was first launched by Pope John Paul II in his 1995 encyclical *Evangelium vitae* The thirteen contributors in this book all outstanding international scholars take up this task together laying the necessary theoretical foundation for the new feminism These chapters articulate an integral philosophical and theological understanding of persons that moves beyond patriarchy on the one hand and traditional feminism on the other Central to the new perspective offered here is the biblical revelation of the human person man and woman in Christ a vision that directs women beyond the male standard against which they have too often been measured Far from constraining women to an eternal essence the dynamic view presented here encourages each woman to realize herself in perfect Christian

Foley,1992-02-27 This study explores the meanings ascribed to sexual difference in the theories of Charles Fourier the Saint Simonians and Flora Tristan Their concept of the feminine as a moral force justified a wide range of social roles for women In addition the feminine became a symbol of the harmony and co operation envisaged for the future The study shows that while these socialists challenged contemporary sex role definitions the new distinctions which they created nevertheless circumscribed the possibilities for female liberty Moral Philosophy in Eighteenth-Century Britain Colin Heydt,2018 A new account of a vital period in the history of ethics focusing on the content of morality
