Kesler,2021-02-16 American politics grows embittered because it is increasingly torn between two rival constitutions two opposed cultures two contrary ways of life American conservatives rally around the founders Constitution as amended and as grounded in the natural and divine rights and duties of the Declaration of Independence American liberals herald their living Constitution a term that implies that the original is dead or superseded and that the fundamental political imperative is constant change or transformation as President Obama called it toward a more and more perfect social democracy ruled by a Woke elite **Crisis of the Two Constitutions** details how we got to and what is at stake in our increasingly divided America It takes controversial stands on matters political and scholarly describing the political genius of America's founders and their efforts to shape future generations through a constitutional culture that included immigration citizenship and educational policies Then it turns to the attempted progressive refounding of America tracing its accelerating radicalism from the New Deal to the 1960s New Left to today's unhappy campus nihilists Finally the volume appraises American conservatives' efforts so far unavailing despite many famous victories to revive the founders Constitution and moral common sense From Ronald Reagan to Donald Trump what have conservatives learned and where should they go from here Along the way Charles R.
