Scientific and Technical Aerospace Reports, 1989-07 **Old English Newsletter**, 2000 **Violence in Medieval Europe** Warren C. Brown, 2014-06-11 The European Middle Ages have long attracted popular interest as an era characterised by violence whether a reflection of societal brutality and lawlessness or part of a romantic vision of chivalry Violence in Medieval Europe engages with current scholarly debate about the degree to which medieval European society was in fact shaped by such forces Drawing on a wide variety of primary sources Warren Brown examines the norms governing violence within medieval societies from the sixth to the fourteenth century over an area covering the Romance and the Germanic speaking regions of the continent as well as England Scholars have often told the story of violence and power in the Middle Ages as one in which private violence threatened and sometimes destroyed public order Yet academics are now asking to what degree violence that we might call private in contrast to the violence wielded by a central authority might have been an effective social tool Here Brown looks at how private individuals exercised violence in defence of their rights or in vengeance for wrongs within a set of clearly understood social rules and how over the course of this period kings began to claim the exclusive right to regulate the violence of their subjects as part of their duty to uphold God's order on earth Violence in Medieval Europe provides both an original take on the subject and an illuminating synthesis of recent and classic scholarship It will be invaluable to students and scholars of history medieval studies and related areas for the light it casts not just on violence but on the evolution of the medieval political order **Hello Spirit** Wilma Davidson, 2016-04-28 HELLO SPIRIT is crammed full of useful information to help you find your spiritual pathway to psychic development This reader friendly book written with humour honesty and warmth contains information on an enormous range of subjects associated with spiritual matters including how to contact loved ones in the spirit world Included are chapters on Spirit Guides Near Death Experiences Psychic Development Earthbound Spirits Angels Deathbed Visions Your Aura Spiritual Healing Psychic Protection Removing Curses Dowsing Orbs

Placing Elysium in Renaissance Britain Patrick Cheney,2025-10-02 Placing Elysium in Renaissance Britain Poetry Politics Theology Eros is the first study of Elysium as a place in English Renaissance culture The absence of such a study in the fields of literature and geography is surprising from its captivating origin in the oceanic margins of Homer's Odyssey to its presence in the Eden of Milton's Paradise Lost Elysium is a destination to be desired it is the land of the blessed As such Elysium becomes a geographical site for an author's most valued space In Britannia Camden provides leadership for this project by citing Plutarch as locating the blessed place in Britain Following Camden Spenser centralizes the idea of Britain as Elysium Subsequently English authors make the Elysian place the site of a liberating sublimity as the height of artistic

renown This authorial template becomes the site for literary inflections in the realms of politics theology and eros However Kyd and Marlowe darken the Spenserian project recalling Virgil's geographical positioning of Elysium next to Hell In turn Drayton Chapman and Marston champion the Spenserian idea of Britain as Elysium As this conversation suggests English authors make Elysium the central place of the Renaissance period concept and they do so in the nation building genre of epic In The Muses Elizium Drayton crowns the Spenserian tradition by making the blessed place the monomyth of national poetry At the centre of the monomyth is the cherished ideal of Renaissance culture the Elysian capacity of the human to become divine
