Muslim Belonging in Secular India Taylor C. Sherman, 2015-08-25 Muslim Belonging in Secular India surveys the experience of some of India's most prominent Muslim communities in the early postcolonial period Muslims who remained in India after the Partition of 1947

faced distrust and discrimination and were consequently compelled to seek new ways of defining their relationship with fellow citizens of India and its governments Using the forcible integration of the princely state of Hyderabad in 1948 as a case study Taylor C Sherman reveals the fragile and contested nature of Muslim belonging in the decade that followed independence In this context she demonstrates how Muslim claims to citizenship in Hyderabad contributed to intense debates over the nature of democracy and secularism in independent India Drawing on detailed new archival research Dr Sherman provides a thorough and compelling examination of the early governmental policies and popular strategies that have helped to shape the history of Muslims in India since 1947

African Entrepreneurship Alusine Jalloh, 1999 Between

1961 and 1978 Muslim Fula immigrants from different West African countries became one of the most successful mercantile groups in Freetown the capital city of Sierra Leone African Entrepreneurship published by Ohio University Press on

December 31 1999 examines the commercial activities of Fula immigrants and their offspring in Sierra Leone Author Alusine Jalloh explores the role of Islam in Fula commercial organizations and social relationships as well as the connection between Fula merchants and politics Departing from the prevailing scholarship Jalloh characterizes the Fula businesses as independent rather than appendages of Western expatriate commerce In addition to establishing successful businesses Fula merchants established Islamic educational institutions for propagating the Muslim faith and promoting Islamic scholarship This study also examines the evolution of Fula chieftaincy from the colonial era to the postcolonial period and documents the importance of mercantile wealth and networks in the election of Fula chiefs in Freetown African Entrepreneurship makes an important contribution to the understudied role of African business in Sierra Leone Generation M Shelina

Aston,Catherine Bishop,2020-07-29 This volume challenges those who see gender inequalities invariably defining and constraining the lives of women But it also broadens the conversation about the degree to which business is a gender blind institution owned and managed by entrepreneurs whose gender identities shape and reflect economic and cultural change Mary A Yeager Professor Emerita University of California Los Angeles This is the first book to consider nineteenth century businesswomen from a global perspective moving beyond European and trans Atlantic frameworks to include many other corners of the world The women in these pages who made money and business decisions for themselves rather than as employees ran a wide variety of enterprises from micro businesses in the grey market to large factories with international reach They included publicans and farmers midwives and property developers milliners and plumbers pirates and shopkeepers Female Entrepreneurs in the Long Nineteenth Century A Global Perspective rejects the notion that nineteenth century women were restricted to the home Despite a variety of legal and structural restrictions they found ways to make important but largely unrecognised contributions to economies around the world many in business Their impact on the economy and the economy s impact on them challenge gender historians to think more about business and business historians to think more about gender and create a global history that is inclusive of multiple perspectives Chapter one of this book is available open access under a CC BY 4.0 license at link.springer.com The Good Entrepreneur Cristina Santini,2020-12-20 This book explores the relationship between entrepreneurship and doing good As research into

entrepreneurship has evolved so has the business environment and the society in which entrepreneurs work Now more than ever entrepreneurs are found to reflect on personal commitment ethical issues and more recently the influence they could have on society In short they have embraced the concept of the good entrepreneur Over time many different strands of good entrepreneurship have emerged from social green and sustainable entrepreneurship to ecopreneurship and so forth Indeed some strands of research have merged while others have registered a lack of field research and analysis In this book the author argues that this excessive fragmentation has created the need for a reflection on the role of niches in entrepreneurship Providing analysis from multiple perspectives the author provides an overview of the relationship between entrepreneurship and doing good as well as an exploration of the drivers that promote research in this field and an outline of research dynamics Contributing to the current debate around the field of entrepreneurship and its ability to drive responsible and sustainable business practices this book presents a comprehensive guide for students graduate master and PhD academics and institutions and offers the reader an enhanced understanding of the evolution and research challenges within good entrepreneurship

The Invention of Enterprise David S. Landes, Joel Mokyr, William J.
