The New Frontier And The Great Society Guided Reading:

Building the Great Society Joshua Zeitz, 2019-01-29 The author of *Lincoln's Boys* takes us inside Lyndon Johnson's White House to show how the legendary Great Society programs were actually put into practice Team of Rivals for LBJ The personalities behind every burst of 1960s liberal reform from civil rights and immigration reform to Medicare and Head Start Absorbing and astoundingly well researched all good historians do their homework but Zeitz goes above and beyond It's a more than worthwhile addition to the canon of books about Johnson NPR Beautifully written a riveting portrait of LBJ Every officeholder in Washington would profit from reading this book Robert Dallek Author of *An Unfinished Life* John F Kennedy 1917 1963 and Franklin D Roosevelt A Political Life LBJ's towering political skills and his ambitious slate of liberal legislation are the stuff of legend the Civil Rights Act of 1964 the Voting Rights Act of 1965 Medicare Medicaid Head Start and environmental reform But what happened after the bills passed One man could not and did not go it alone Joshua Zeitz reanimates the creative and contentious atmosphere inside Johnson's White House as a talented and energetic group of advisers made LBJ's vision a reality They desegregated public and private institutions throughout one third of the United States built Medicare and Medicaid from the ground up in one year launched federal funding for public education provided food support for millions of poor children and adults and launched public television and radio all in the space of five years even as Vietnam strained the administration's credibility and budget Bill Moyers Jack Valenti Joe Califano Harry McPherson and the other staff members who comprised LBJ's inner circle were men as pragmatic and ambitious as Johnson equally skilled in the art of accumulating power or throwing a sharp elbow *Building the Great Society* is the story of how one of the most competent White House staffs in American history serving one of the most complicated presidents ever to occupy the Oval Office fundamentally changed everyday life for millions of citizens and forged a legacy of compassionate and interventionist government

Burch Jr.,2018-04-02 This collection of documents contextualizes the ways in which Americans have addressed the evolving challenges of poverty throughout U S history Each document is accompanied by an analysis that both summarizes its content and considers its impact Poverty has always been a part of the fabric of American life and this installment in the Documentary and Reference Guides series fills the gaps left by

most educational treatments of the subject beginning with an examination of poverty at the state and local levels as it was during the early 19th century A federal plan for addressing poverty was not devised until Franklin Delano Roosevelt launched the New Deal in the 1930s As these 70 chronologically arranged documents illustrate the unfinished business of the New Deal interrupted by World War II culminated in new legislation during John F Kennedy s New Frontier and Lyndon B Johnson s War on Poverty progress however fell victim to the Vietnam War ushering in decades of rollbacks under presidents of both parties Noted scholar and librarian John R Burch Jr provides thorough coverage of these and contemporary events throughout which poverty has endured including the Great Recession of 2008 2009 the minimum wage debate and the Affordable Care Act and attempts to repeal it **Culture Wars** Roger Chapman,2010 Featuring hundreds of A Z entries and numerous photos the set examines the history and relevance of the issues events controversies personalities groups and concepts that have contributed to the political and social polarization of American society over recent decades It details hot button topics as well as the role of the media in defining and shaping these issues everything from abortion the Christian Coalition the environmental movement feminism and gay rights to illegal aliens pornography stem cell research Watergate and zero tolerance A topic finder bibliography and index add to the set s utility **Resources in Education** ,1998

Christian Crusade ,1967 **Congressional Record** United States. Congress,1969 **On the Origin of Spin** Brendan Bruce,2013-06-29 This book was written to try and answer the question where and when did political spin originate It deals with the techniques of news management developed and used in those advanced democracies who have laws to protect a free press such as the United States of America and to a lesser extent its first cousin several times removed the United Kingdom of Great Britain governmental toleration of free speech progressive legislation to widen the franchise vigorous growth in political parties pluralism and its consequence the peaceful coexistence of different interests convictions and lifestyles a healthy adherence to Burkean little platoons of volunteers and most of all sophisticated developments in mass media technologies and consumer marketing techniques all of which means that the Anglo Saxon cousins are and have always been in the vanguard of news management Government and media have been at war from the very beginning Au fond this is a struggle for allegiance The media want the allegiance of their readers and viewers because this brings them the profits they need to remain in business As Patrick Le Lay then CEO of the main French private channel TF1 put it There are many ways to speak about TV but in a business perspective let s be realistic TF1 s job is to help Coca Cola sell its product What we sell to Coca Cola is available human brain time Government on the other hand wants the allegiance of the voter to acquire or retain power The famous Victorian editor of The Times Thomas Barnes once said that the newspaper is not an organ through which Government can influence people but through which people can influence the Government Politicians would reverse the dictum And therein lies the causus belli The politician s strategy for winning this war was stated most succinctly by that arch media manipulator David Lloyd George what you can t square you squash and what you can t squash you square The

media for their part are determined to be neither squashed nor squared From 1800 in the US and 1832 in Britain when Germany and Italy were just a glint in the eye of some petty princes and France was recovering from yet another pointless revolution leaving behind yet another example of Kafka's bureaucratic slime competitive party based elections produced extraordinary outbursts of creativity Politicians learned that the art of politics is about making and then winning arguments As each successive cutting edge novelty arrived the spin doctors quickly adapted and improved their techniques by adroitly exploiting the new medium's benefits For two centuries and even before the Anglo Saxons have led the world in spin this is the history of that journey
