**The Obama Diaries** Laura Ingraham, 2010-07-13 The Diary of President Barack Obama The White House May 19 2010 I was going to write about tonight's state dinner for Mexico and the amnesty plan but we've got a national crisis here I think somebody's been snooping in this diary The pages are all wrinkled And the most personal entries are dog eared WHAT THE HELL'S GOING ON HERE WASHINGTON D C On May 20 2010 Laura Ingraham received a package from an anonymous source that will change the history of the United States and the legacy of President Barack Obama While retrieving her automobile from the underground garage at the Watergate complex where she had just enjoyed her weekly pedicure Ingraham discovered a manila envelope on the hood of her car When she picked it up a deep baritone voice called out from a nearby stairwell Just read it You'll know what to do The shadowy figure then disappeared into the darkness without another word The envelope contained copies of what appeared to be diary entries written by President Barack Obama his family and high ranking administration officials Because the diaries are so revealing Ingraham felt compelled to release them to the American public and the citizens of the world Major media outlets love to describe the president as no drama Obama but The Obama Diaries tells a different tale Through these diary entries readers will see past the carefully constructed Obama facade to the administration's true plans to remake America In The Obama Diaries Ingraham hilariously skewers the president and his minions She takes aim at the cynical razzle dazzle marketing of Obama's radical agenda the use of the Obama brand and family to obscure Obama's true aims Michelle Obama's gardening and anti obesity initiative and much more Informative and hugely entertaining The Obama Diaries will inspire both laughter and critical thinking about the future of the nation and the man currently at the helm the use of the Obama brand and family to obscure Obama's true aims Michelle Obama's gardening and anti obesity initiative and much more Informative and hugely entertaining The Obama Diaries will inspire both laughter and critical thinking about the future of the nation and the man currently at the helm Excerpts from Laura Ingraham's The Obama Diaries Obama on Sarah Palin Hell doesn't Palin have anything better to do than criticize me Shouldn't she be back home shooting some endangered wolf species from a helicopter April 9 2010 Michelle on being First Lady I'll be damned if all this fabulosity is going to go to waste reading Dr Seuss to snot nosed kids all day January 23 2009 Vice President Joe Biden on Michelle Obama She's kind of like a black Hillary Clinton I mean that in a good way May 5 2009 Obama on his visit to the Vatican If I can ingratiate myself with a few more of these red hats the pope thing might not be a bad follow up to the presidency July 10 2009

**The Obama Hate Machine** Bill Press, 2012-01-31 In Toxic Talk Bill Press exposed the ways in which the extreme right wing media has done an end run around the American voting populace by exerting a disproportionate control over open political debate In The Obama Hate Machine Press returns to show how the Right has taken rhetoric to slanderous new levels in attacking the nation's forty fourth president But presidents have always been attacked like this right Wrong As the author shows while presidents and presidential candidates routinely have been subject

to personal attacks the outright disdain Obama's extremist opponents have for the facts has inspired an insidious brand of character assassination unique in contemporary politics Obama was born in Kenya Obama sympathizes with Muslim terrorists Obama is a communist who wants to institute death panels and touch off class warfare The extent to which these unfounded assertions have taken hold in the American mindset shows just how ruthless destructive and all powerful the right wing machine hijacked by extremists in the media and fueled by corporate coffers has become The author reveals how corporate interests such as the infamous Koch Brothers continue to steer political coverage away from fact based dialogue into the realm of hysteria Bill Press also observes this phenomenon is not limited to the airwaves and provides an I Hate Obama Book Club list calling out the scores of anti Obama tomes and even some from the Left that have helped drag politics even deeper into the mud In his characteristic on the mark arguments sure to appeal to anyone on the Left or in the Center Press shows how the peculiar nature of Obama hating subverts issue driven debate and threatens not only the outcome of the 2012 election but the future of the American democratic system

*The Obama Presidency* Robert P. Watson, Jack Covarrubias, Douglas M. Brattebo, Tom Lansford, 2012-07-01 Lively and engaging essays covering President Obama's domestic and foreign policy governing style and character

*The Iconic Obama, 2007-2009* Nicholas A. Yanes, Derrais Carter, 2014-01-10 How is Barack Obama represented in popular culture More than the United States 44th president he is also a lens through which we can examine politics art comics and music in various contexts The essays in this collection focus on the buildup to the 2008 election as well as Obama's first year as president a brief historical moment in which Obama was synonymous with possibility The contributors represent a variety of scholarly fields such as film journalism mass communication popular culture and African American studies each adding a unique perspective on Obama's relationship to American culture

*The Field of Honor* John Mayfield, Todd Hagstette, 2017-02-17 Current research on the history and evolution of moral standards and their role in Southern society For more than thirty years the study of honor has been fundamental to understanding southern culture and history Defined chiefly as reputation or public esteem honor penetrated virtually every aspect of southern ethics and behavior including race gender law education religion and violence In *The Field of Honor Essays on Southern Character and American Identity* editors John Mayfield and Todd Hagstette bring together new research by twenty emerging and established scholars who study the varied practices and principles of honor in its American context across an array of academic disciplines Following pathbreaking works by Bertram Wyatt Brown Dickson D Bruce and Edward L Ayers this collection notes that honor became a distinctive mark of southern culture and something that alongside slavery set the South distinctly off from the rest of the United States This anthology brings together the work of a variety of writers who collectively explore both honor's range and its limitations revealing a South largely divided between the demands of honor and the challenges of an emerging market culture one common to the United States at large They do so by methodologically examining legal studies market behaviors gender violence and religious and literary expressions Honor

emerges here as a tool used to negotiate modernity's challenges rather than as a rigid tradition and set of assumptions codified in unyielding rules and rhetoric. Some topics are traditional for the study of honor, some are new, but all explore the question how different really is the South from America writ large. *The Field of Honor* builds an essential bridge between two distinct definitions of southern and by extension American character and identity.

**Looking Back on President Barack Obama's Legacy** Wilbur C. Rich, 2018-12-12. When President Barack Hussein Obama left office January 20, 2017, he left a fascinating legacy. **Author in Chief** Craig Fehrman, 2021-02-16. One of the best books on the American presidency to appear in recent years. *The Wall Street Journal* and based on a decade of research and reporting, a delightful new window into the public and private lives of America's presidents as authors. Most Americans are familiar with Abraham Lincoln's famous words in the Gettysburg Address and the Emancipation Proclamation. Yet few can name the work that helped him win the presidency: his published collection of speeches entitled *Political Debates between Hon. Abraham Lincoln and Hon. Stephen A. Douglas*. Lincoln labored in secret to get his book ready for the 1860 election, tracking down newspaper transcripts, editing them carefully for fairness, and hunting for a printer who would meet his specifications. *Political Debates* sold fifty thousand copies, the rough equivalent of half a million books in today's market, and it reveals something about Lincoln's presidential ambitions. But it also reveals something about his heart and mind. When voters asked about his beliefs, Lincoln liked to point them to his book. In Craig Fehrman's original, illuminating, and entertaining Jon Meacham work of history, the story of America's presidents and their books opens a rich new window into presidential biography. From volumes lost to history, Calvin Coolidge's *Autobiography*, which was one of the most widely discussed titles of 1929, to ones we know and love, Barack Obama's *Dreams from My Father*, which was very nearly never published, Fehrman unearths countless insights about the presidents.

through their literary works Presidential books have made an enormous impact on American history catapulting their authors to the national stage and even turning key elections Beginning with Thomas Jefferson s Notes on the State of Virginia the first presidential book to influence a campaign and John Adams s Autobiography the first score settling presiden tial memoir Author in Chief draws on newly uncovered information including never before published letters from Andrew Jackson John F Kennedy and Ronald Reagan to cast fresh light on the private drives and self doubts that fueled our nation s leaders We see Teddy Roosevelt as a vulnerable first time author struggling to write the book that would become a classic of American history We see Reagan painstakingly revising Where s the Rest of Me and Donald Trump negotiating the deal for The Art of the Deal the volume that made him synonymous with business savvy Alongside each of these authors we also glimpse the everyday Americans who read them If you re a history buff a presidential trivia aficionado or just a lover of American literary history this book will transfix you inform you and surprise you The Seattle Review of Books [American Grand Strategy under Obama](#) Georg Lofflmann,2017-07-03 Introduction Reimagining grand strategy Filming hegemony Hollywood and the Manichean script of geopolitics Competing visions for America popular discourses of grand strategy on The New York Times best sellers list The American grand strategy debate in international relations Think tanks and the Washington consensus on hegemony Strategic vision national security defense policy and the geopolitics of military pre eminence The Obama doctrine vision for change Conclusion **US Foreign Policy Decision-Making from Kennedy to Obama** A. mostly right wing movements throughout American history Arthur Goldwag reveals the disturbing pattern of fear mongering and demagoguery that runs through the American grain The New Hate takes readers on a surprising often shocking sometimes bizarrely amusing tour through the swamps of nativism racism and paranoid speculations about money that have long thrived on the American fringe Goldwag shows us the parallels between the hysteria about the Illuminati that wracked the new American Republic in the 1790s and the McCarthyism that roiled the 1950s and he discusses the similarities between the anti New Deal forces of the 1930s and the Tea Party movement today He traces Henry Ford s anti Semitism and the John Birch Society s Insiders back to the notorious Protocols of the Elders of Zion and he relates white supremacist nightmares about racial pollution to nineteenth century fears of papal plots The most salient feature of what I have come to call the New Hate Goldwag writes is its sameness across time and space The most depressing thing about the demagogues who tirelessly exploit it in pamphlets and books and partisan newspapers two centuries ago on Web sites electronic social networks and twenty four hour cable news today is how much alike they all turn out to be

mix where it's almost impossible to tell the difference. You may get bored. You might not. You may or may not like my viewpoints. You might not even like me. But you won't be the first nor the last. I think however everyone will find something here they can relate to. Whether it's basketball, friends, God, politics, a career, or the social issues of the day, there's something for everybody. Even for those who rarely open a book like today's college students. For them, I've included pictures. See something for everybody. And although some of my viewpoints you may frown upon, you will appreciate the humor, anecdotes, multiple geography lessons, ridicule, sarcasm, and blatant hypocrisy that I'll expose on any number of topics. All shrouded in the novel concept called common sense. And if you don't like to read about those types of things, then don't buy the book. Get it at the library. I started this book on July 4th, 2020. And I did it for a reason.

[A MURDER OF CROWS](#) CHARLES E. CROCKETT, 2012-07-18. BACK COVER. Detailing the far right's attempts to alter the American political and economic landscape to satisfy its national ambitions. A MURDER OF CROWS identifies over 100 people and organizations who would seek to turn back America to a time of little governmental participation, lower tax rates for the wealthy, and a closely held corporate and personal control of society's functions and finances. It exposes the real desires and naked zeal of those who would place property rights over the rights and the needs of the average American citizen. The text is well documented and provides a scathing indictment of those on the right who would wish to alter America's future to serve only a very prosperous few.

[Embarrassingly Blind](#) Nelse Wynne, 2012-09. Nelse Wynne Jr. uniquely informs the American community how Blacks can save the country by returning to their Republican roots. As he watched Americans vote over the years, he noticed fellow Americans making uninformed decisions. Embarrassingly Blind: Finding the Elephant in the Room is a historical and political book set out to teach Black Americans how they can make informed political decisions and change the government by returning to their Republican roots. Wynne Jr. believes the American society can be easily changed. As Nelse looks into the history of the government, different presidential shortcomings, and trends in the way Blacks vote, he believes that the Black community can revolutionize the government by making more informed voting decisions.

[The Enemy Within](#) David Horowitz, 2021-04-06. The Enemy Within is a book for all patriots who understand that our country is in a fight for its life.

MARK LEVIN. America on the Brink. A questionable election. The president of the United States illegally impeached twice and silenced. The First Amendment hanging by a thread. The national heritage under attack. Mob violence. America is on the brink of becoming a one-party dictatorship. How did this happen? The Enemy Within: How a Totalitarian Movement Is Destroying America provides the answer. David Horowitz has been the bête noire of the Left for decades on account of his courageous revelations of their aims and tactics, and now he sounds the alarm: the barbarians are already inside the gates. Horowitz lays out how we have ended up in the worst national crisis since the Civil War. He details the Left's embrace of Critical Race Theory and Cultural Marxism, the underpinnings of their totalitarian ideology, the decades-long infiltration of our education system by ideologies hostile to America, our institutions, and our freedom. Why the Obama administration marked a point of no

return in the division of America into two irreconcilable political factions The Democrats unprincipled campaign to destroy a duly elected U S president Their political exploitation of the coronavirus pandemic Their complicity in the riots of the summer of 2020 which left twenty five dead injured two thousand police officers caused billions of dollars in property damage and revealed the fragility of our civic order As Abraham Lincoln so presciently warned on the eve of America s last existential crisis If destruction be our lot we must ourselves be its author and finisher As a nation of freemen we must live for all time or die by suicide In The Enemy Within David Horowitz provides a spot on assessment of the threat to the American Republic and points to an escape route while there s still time
