The Oxford History of the Novel in English Cyrus R. K. Patell, Deborah Lindsay Williams, 2024-03-05 The Oxford History of the Novel in English is a twelve volume series presenting a comprehensive global and up to date history of English language prose fiction written by a large international team of scholars The series is concerned with novels as a whole not just the literary novel and each volume includes chapters on the processes of production distribution and reception and on popular fiction and the fictional sub genres as well as outlining the work of major novelists movements and tendencies This book offers an account of US fiction during a period demarcated by two traumatic moments the eve of the entry of the United States into the Second World War and the onset of the Covid 19 pandemic The aftermath of the Second World War was arguably the high point of US nationalism but in the years that followed US writers would increasingly explore the possibility that US democracy was a failure both at home and abroad For so many of the writers whose work this volume explores the idea of nation became suspect as did the idea of national literature as the foundation for US writing Looking at post 1940s writing the literary historian might well chart a movement within literary cultures away from nationalism and toward what we would call cosmopolitanism a perspective that fosters conversations between the occupants of different cultural spaces and that regards difference as an opportunity to be embraced rather than a problem to be solved During this period the novel has had significant competition for the US public s attention from other forms of narrative and media film television comic books videogames and the internet and the various forms of social media that it spawned If however the novel becomes a residual form during this period it is by no means archaic The novel has been reinvigorated over the past eighty years by its encounters with both emergent forms such as film television comic books and digital media and the emergent voices typically associated with multiculturalism in the United States

Modernist Women Writers and American Social Engagement

Jody Cardinal, Deirdre E. Egan-Ryan, Julia Lisella, 2019-03-15 *Modernist Women Writers and American Social Engagement* explores the role of social and political engagement by women writers in the development of American modernism. Examining a diverse array of genres by both canonical modernists and underrepresented writers, this collection uncovers an obscured strain of modernist activism. Each chapter provides a detailed cultural and literary analysis revealing the ways in which modernists politically and socially engaged. Interventions shaped their writing. Considering issues such as working class women's advocacy, educational reform, political radicalism, and the global implications for American literary production, this book examines the complexity of the relationship between creating art and fostering social change. Ultimately, this collection redefines the parameters of modernism while also broadening the conception of social engagement to include both readily acknowledged social movements as well as less recognizable forms of advocacy for social change. *The Cambridge Companion to Transnational American Literature* Yogita Goyal, 2017-02-15 This book provides a new map of American literature in the global era, analyzing the multiple meanings of transnationalism. **A Companion to American Literature** Susan Belasco, Theresa Strouth Gaul, Linck Johnson, Michael Soto, 2020-04-03 A comprehensive chronological overview of American literature in three scholarly and authoritative volumes. *A Companion to American Literature* traces the history and development of American literature from its early origins in Native American oral tradition to 21st century digital literature. This comprehensive three-volume set brings together contributions from a diverse international team of accomplished young scholars and established figures in the field. Contributors explore a broad range of topics in historical, cultural, political, geographic, and technological contexts, engaging the work of both well-known and non-canonical writers of every period. Volume One is an inclusive and geographically expansive examination of early American literature, applying a range of cultural and historical approaches and theoretical models to a dramatically expanded canon of texts. Volume Two covers American literature between 1820 and 1914, focusing on the development of print culture and the literary marketplace, the emergence of various literary movements, and the impact of social and historical events on writers and writings of the period. Spanning the 20th and early 21st centuries, Volume Three studies traditional areas of American literature as well as the literature from previously marginalized groups and contemporary writers often overlooked by scholars. This inclusive and comprehensive study of American literature examines the influences of race, ethnicity, gender, class, and disability on American literature. Discusses the role of technology in book production and circulation, the rise of literacy, and changing reading practices and literary forms. Explores a wide range of writings in multiple genres, including novels, short stories, dramas, and a variety of poetic forms, as well as autobiographies, essays, lectures, diaries, journals, letters, sermons, histories, and graphic narratives. Provides a thematic index that groups chapters by contexts and illustrates their links across different traditional chronological boundaries. *A Companion to American Literature* is a valuable resource for students coming to the subject for the first time or preparing for field examinations, instructors in American literature courses, and scholars with

American Indians at the Margins H. Roy Kaplan, 2022-05-11 Since the earliest days of America racist imagery has been used to create harmful stereotypes of the indigenous people In this book the conflict between invading European white settlers and the indigenous groups who occupied the land that became the United States is described through the context of race and racism Using depictions from art literature radio cinema and television the origin and persistence of such stereotypes are explained and their debilitating effects on the well being of Indians are presented This text also explores their accomplishments in attempts to maintain their sovereignty dignity and respect

The Routledge Companion to Transnational American Studies Nina Morgan, Alfred Hornung, Takayuki Tatsumi, 2019-04-05 The Routledge Companion to Transnational American Studies provides scholars and students of American Studies with theoretical and applied essays that help to define Transnational American Studies as a discipline and practice In more than 30 essays the volume offers a history of the concept of the transnational and takes readers from the Barbary frontier to Guam from Mexico's border crossings to the intifada's contested zones Together the essays develop new ways for Americanists to read events images sound literature identity film politics or performance transnationally through the work of diverse figures such as Confucius Edward Said Pauline Hopkins Poe Faulkner Michael Jackson Onoto Watanna and others This timely volume also addresses presidential politics and interpictureorial US history from Lincoln in Africa to Obama and Mandela to Trump The essays written by prominent global Americanists as well as the emerging scholars shaping the field seek to provide foundational resources as well as experimental and forward leaning approaches to Transnational American Studies

The Serpent's Plumes Adam W. Coon, 2024-05-01 Draws on Nahua concepts to explore Nahua literary production and contributions to cultural activism from the 1980s to the present The Serpent's Plumes analyzes contemporary Nahua cultural production principally bilingual Nahuatl Spanish xochitlajtoli or poetry written from the 1980s to the present Adam W Coon draws on Nahua perspectives as a decolonizing theoretical framework to argue that Nahua writers deploy unique worldviews namely ixtlamatlistli knowledge with the face which highlights the value of personal experiences yoltlajlamikistli knowledge with the heart which underscores the importance of affective intelligence and tlaixpan that which is in front which presents the past as lying ahead of a subject rather than behind The views of ixtlamatlistli yoltlajlamikistli and tlaixpan are key in Nahua struggles and effectively challenge those who attempt to marginalize Native knowledge production
