Noir Genres, Characters, and Settings Harold Hellwig,2023-03-20 American Film Noir Genres Characters and Settings argues that film noir style evolved out of American literature prior to the 1930s and continues to evolve long after the classic films that defined its presence in cinema While many critics suggest that the film noir tradition ceased after the mid 1950s labeling similar films produced later as neo noir Harold Hellwig contends that film noir itself has continued to evolve beyond cinema to include television series such as *CSI* *Have Gun Will Travel* and *Frasier* among others Hellwig posits that rather than being a single genre in and of itself film noir comprises several genres including detective procedurals science fiction the Western and even comedy This book examines different elements of American film noir including the characters and settings it is often defined by and its contexts within different adaptations in both film and television Scholars of film studies American literature and media studies will find this book of particular interest *Six Seasons and a Movie* Chris Barsanti,Jeff Massey,Brian Cogan,2023-10-01 Audacious weird and icily ironic *Community* was a kind of geek alt comedy portal packed with science fiction references in jokes that quickly metastasized into their own alternate universe dark conspiracy tinged humor and a sharp yet loving deconstructions of the sitcom genre At the same time it also turned into a thoughtful and heartfelt rumination on loneliness identity and purpose The story of *Community* is the story of the evolution of American comedy Its creator Dan Harmon was an improv comic with a hyperbolically rapid fire and angrily geeky style After getting his shot with *Community* Harmon poured everything he had into a visionary series about a group of mismatched friends finding solace in their community college study group *Six Seasons and a Movie* How *Community* Broke Television is an episode by episode deep dive that excavates a central cultural artifact a six season show that rewrote the rules for TV sitcoms and presaged the self aware metafictional sensibility so common now in the streaming universe Pop culture experts Chris Barsanti Jeff Massey and Brian Cogan explore its influences and the long tail left by its creators and stars including Donald Glover's experiments in music as rapper Childish Gambino and TV drama *Atlanta* producers directors Anthony and Joseph Russo's emergence as pillars of the Marvel universe *Captain America: Civil War* and *Avengers: Infinity War* and Harmon's subsequent success with the anarchic sci fi cartoon *Rick and Morty* Covering everything from the corporate
