The National Geographic Magazine, 1922 Indexes kept up to date with supplements **The Florida Historical Society Quarterly** Florida Historical Society, 1928 **The Seminole**, 1926 Journal of the Illinois State Historical Society Illinois State Historical Society, 1918 *American Iconographic* Stephanie L. Hawkins, 2010-06-03 In an era before affordable travel National Geographic not only served as the first glimpse of countless other worlds for its readers but it helped them confront sweeping historical change There was a time when its cover with the unmistakable yellow frame seemed to be on every coffee table in every waiting room In *American Iconographic* Stephanie L. Hawkins traces National Geographic's rise to cultural prominence from its first publication of nude photographs in 1896 to the 1950s when the magazine's trademark visual and textual motifs found their way into cartoon caricature popular novels and film trading on the romance of the magazine's distinctive visual fare National Geographic transformed local color into global culture through its production and circulation of readily identifiable cultural icons The adventurer photographer the exotic woman of color and the intrepid explorer were part of the magazine's institutional aesthetic a visual and textual repertoire that drew upon popular nineteenth century literary and cultural traditions This aesthetic encouraged readers to identify themselves as members not only in an elite society but paradoxically as both Americans and global citizens More than a window on the world National Geographic presented a window on American cultural attitudes and drew forth a variety of complex responses to social and historical changes brought about by immigration the Great Depression and world war Drawing on the National Geographic Society's archive of readers letters and its founders correspondence Hawkins reveals how the magazine's participation in the culture industry was not so straightforward as scholars have assumed Letters from the magazine's earliest readers offer an important intervention in this narrative of passive spectatorship revealing how readers resisted and revised National Geographic's authority Its photographs and articles celebrated American self reliance and imperialist expansion abroad but its readers were highly aware of these representational strategies and alert to inconsistencies between the magazine's editorial vision and its photographs and text Hawkins also illustrates how the magazine actually encouraged readers to question Western values and identify with those beyond the nation's borders Chapters devoted to the magazine's practice of photographing its photographers on assignment and to its genre of husband wife adventurers reveal a more enlightened National Geographic invested in a cosmopolitan vision of a global human family A fascinating narrative of how a cultural institution can influence and embody public attitudes this book is the definitive account of an iconic magazine's unique place in the American imagination The Birth of Our Flag, and Flag Etiquette Louis Barcroft Runk, 1923 **Decisions of the Commissioner of Patents and of the United States Courts in Patent and Trade-mark and Copyright Cases** United States. Arthur W. Einstein, Jr.,2014-01-10 A major force in the American automobile scene through the 1950s Packard made a mark on American advertising as well The cars themselves seemed built for promotion the red hexagon in the hubcap the yoke grille and the half arrow belt line molding acted as a logo of sorts setting a new standard in visual continuity and branding The company s image became so firmly established in fact that Packard eventually ran advertisements which pictured the cars but purposely omitted the name instead asking readers to guess what name it bears This book traces Packard s advertising history from 1900 through 1958 based on original research that includes several first hand interviews with the people who made it happen Filled with reproductions of Packard ads some in color the book looks beyond the surface to examine how the advertisements reflect and interpret the company s management and business convictions how they were influenced by business conditions and competitive pressure and how they changed with the times *Teaching American*
