Failing Desire Karmen MacKendrick, 2017-12-04 Draws on theology and queer theory to argue for the power of humiliating pleasures in a culture oriented very strongly to denying any enjoyment that is not about success Luckily for human diversity we are perfectly capable of desiring impossible things *Failing Desire* explores a particular set of these impossibilities those connected to humiliation These include the failure of autonomy in submission of inward privacy in confession of visual modesty in exhibition and of dignity in playing various roles Historically those who find pleasure in these failures range from ancient Cynics through early Christian monks to those now drawn by queer or perverse eroticism As Judith Halberstam pointed out in *The Queer Art of Failure* failure can actually be a mode of resistance to demands for what a culture defines as success Karmen MacKendrick draws on this interest in queer refusals To value desire or seek humiliation undercuts any striving for success but it draws our attention particularly to the failures of knowledge as a form of power whether that knowledge is of one body or of a population How can we understand will that seeks not to govern itself psychology that constructs inwardness by telling all blushing shame that delights in exposure or dignity that refuses its lofty position *Failing Desire* suggests that the power of these desires and pleasures comes out of the very realization that this

question can never quite be answered In *Failing Desire* Karmen MacKendrick offers her readers something akin to a sequel to *Counterpleasures* Pursuing the negative affects of failure humiliation and shame across authors that inform much of her work Bataille Blanchot Augustine Foucault Kristeva and Laure MacKendrick effortlessly and breathlessly provides us with provocative new insights about the limitations of language the pleasures of submission and obedience and the wily unruliness of the flesh For her devotees the evocative prose and suggestive analysis will seem familiar without being stale or repetitious for novices her style and acumen will seem assured and electrifying MacKendrick breathes new life into authors texts and topics that have been at the forefront of critical engagements with embodiment desire and affect for the past several decades

You Really Really Want Jaclyn Friedman, 2011-10-25 Co editor of Yes Means Yes gives young women the tools to decipher the modern world's confusing hypersexualized sometimes dangerous landscape so they can define their own sexual identity. In this empowering accessible guide Jaclyn Friedman co editor of Yes Means Yes gives young women the tools to decipher the modern world's confusing hypersexualized sometimes dangerous landscape so they can define their own sexual identity. Friedman decries the hypocrisy and mixed messages of our culture where we're failures if we don't act sexy but we're sluts if we actually pursue sex. We need to be protected from rapists lurking in bushes but deserve whatever we get if we have a drink at a party and wear a skirt and encourages readers to separate fear from fact, decode the damaging messages all around them and discover a healthy personal sexuality.

Families - Beyond the Nuclear Ideal Daniela Cutas, Sarah Chan, 2012-11-22 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com. This book examines through a multi-disciplinary lens the possibilities offered by relationships and family forms that challenge the nuclear family ideal and some of the arguments that recommend or disqualify these as legitimate units in our societies. That children should be conceived naturally born to and raised by their two young heterosexual married to each other genetic parents that this relationship between parents is also the ideal relationship between romantic or sexual partners and that romance and sexual intimacy ought to be at the core of our closest personal relationships all these elements converge towards the ideal of the nuclear family. The authors consider a range of relationship and family structures that depart from this ideal: polyamory and polygamy, single and polyparenting, parenting by gay and lesbian couples as well as families created through assisted human reproduction.

undergraduate and graduate level human sexuality and sexuality courses **From Sin to Amazing Grace** Patrick S. Cheng, 2012-03-01 Throughout the history of Christianity lesbian gay bisexual and transgender LGBT or queer people have been condemned as unrepentant sinners who are in dire need of God's saving grace As a result of this condemnation LGBT people have been subjected to great spiritual emotional and physical abuse and violence This issue takes on a particular urgency in light of the ongoing harassment and bullying of LGBT young people by their classmates Cheng argues that people need to be liberated from the traditional legal model of thinking about sin and grace as a violation of divine and natural laws in which grace is understood as the strength to refrain from violating such laws Rather Cheng proposes a Christological model based upon the theologies of Irenaeus Bonaventure and Barth in which sin and grace are defined in terms of what God has done for us in Jesus Christ This book serves as a useful resource for all people who struggle to make sense of the traditional Christian doctrines of sin and grace in the context of the 21st century Language and Sexuality Deborah Cameron, 2003-03-06 This lively and accessible textbook provides a clear introduction to the relationship between language and sexuality **The Palgrave Handbook of Queer and Trans Feminisms in Contemporary Performance** Tiina Rosenberg, Sandra D'Urso, Anna Renée Winget, 2021-09-21 The purpose of this Handbook is to provide students with an overview of key developments in queer and trans feminist theories and their significance to the field of contemporary performance studies It presents new insights highlighting the ways in which rigid or punishing notions of gender sexuality and race continue to flourish in systems of knowledge faith and power which are relevant to a new generation of queer and trans feminist performers today The guiding question for the Handbook is How do queer and trans feminist theories enhance our understanding of developments in feminist performance today and will this discussion give rise to new ways of theorizing contemporary performance As such the volume will survey a new generation of performers and theorists as well as senior scholars who engage and redefine the limits of performance The chapters will demonstrate how intersectional queer and trans feminist theoretical tools support new analyses of performance with a global focus The primary audience will be students of theatre performance studies as well as queer gender studies The volume's contents suggest close links between the formation of queer feminist identities alongside recent key political developments with transnational resonances Furthermore the emergence of new queer and trans feminist epistemologies prompts a reorientation regarding performance and identities in a 21st century context *Same-Sex Cultures and Sexualities* Jennifer Robertson, 2008-04-15 This book demonstrates the centrality of sex gender and sexuality to theories of human behaviors and practices Moves beyond other lesbian and gay studies readers by presenting a broader view of the significance of studying same sex cultures and sexualities across cultures Offers readings from all four subfields of anthropology cultural biological linguistic and archaeological along with historical and applied anthropology Includes discussion of biotechnology and bioethics health and illness language ethnicity identity politics post colonialism kinship development and policymaking
