The Art of Editing in the Age of Convergence Brian S. Brooks, James L. Pinson, 2015-10-05 The Art of Editing continues to be the standard by which editing texts are judged offering the most comprehensive and up to date discussion of editing available Long viewed as the classic in the field of editing The Art of Editing continues to evolve to meet the needs of today's students In addition to a focus on traditional newspaper editing the authors pay significant attention to the other areas in which students are increasingly finding jobs online media corporate magazines broadcasting public relations and advertising The ninth edition of The Art of Editing details the major changes revolutionizing the media industry and prepares students to work in convergent environments where skill in print broadcast and online operations is essential

The Bridgend Suicides Ann Luce, 2016-08-10 This in depth analysis looks at how suicide was represented in the British press when 20 young people between the ages of 15 and 29 took their own lives in the South Wales Borough of Bridgend in 2008 The chapters highlight specific categories of description that journalists use to explain suicide to their readers The study also examines the discourses that emerged around suicide that continue to perpetuate stigma and shame when suicide occurs today Using her own experience of having lost a loved one to suicide coupled with original research the author gives a very frank explanation of why suicide is not accepted in society today

Occupational Outlook Handbook, 1990 Describes 250 occupations which cover approximately 107 million jobs

Real Feature Writing Abraham Aamidor, 2014-04-08 Real Feature Writing emphasizes story shape and structure by illustrating several distinct types of feature and non fiction stories all drawn from the real world Author Abraham Aamidor presents a collection of distinct non deadline story types profile trend focus advocacy and more providing an introduction to each story type a full text example a critical analysis of the example and clear directions for producing similar stories In this second edition Aamidor and his guest contributors all with real world journalistic experience demonstrate in clear honest language how to write features New for this edition are updated

examples of feature writing integrated throughout the text a chapter on ethical journalism which takes a critical look at propaganda a chapter on international perspectives including coverage of issues in the Middle East chapters on research freelancing content editing copyediting and literary journalism This text is appropriate for upper level journalism students and will be a valuable resource for freelance writers and young working journalists needing guidance on writing features

Strategic Copy Editing John Russial,2004-01-01 This pragmatic text helps students master the craft of copy editing including both the editing skills and the people skills essential to professional success Experienced newspaper copy editor and professor John Russial covers the fundamentals and more how to edit for grammar punctuation usage and style attend to broader issues of fairness and focus develop strong headlines and other display elements and work collaboratively with reporters other editors and designers Special attention is given to the copy editor s role as critical thinker and coach as well as resident wordsmith Throughout proven editing strategies are explained and numerous concrete examples and practical tips offered

Journalism at the End of the American Century, 1965-Present James Brian McPherson,2006-06-30 McPherson captures the best and worst aspects of American journalism since 1965 The press has evolved into a conglomeration of entities that today can be described as pervasive entertaining and justifiably mistrusted In some ways today s press offers the best journalism Americans have ever seen In other ways the modern news media fall short of the ideals held by most of those who care about journalism and far short of the promise they once seemed to offer in terms of helping create an enlightened democracy Neither a paean to the press nor an exercise in media bashing this book finds much to criticize and to praise about recent American journalism while illustrating that traditional journalistic values have diminished in importance not just for many of those who control the media but also for the media consumers who most need good journalism Chapters are devoted to various themes that include social unrest the influence of entertainment values technological shifts media consolidation and corporatization issues of content versus context new kinds of news media and why the 1970s may have been the high point of American journalism Events and issues given extra attention include the rise of television news and later CNN the Civil Rights Movement and other race related issues the Women s Movement various forms of alternative journalism wars in Vietnam and Iraq investigative journalism the World Trade Center attacks the Clinton Lewinsky scandal the 2000 and 2004 presidential campaigns and elections civic journalism and journalism scandals

PDW, Publication Design Workbook Timothy Samara,2005 The work included provides a dynamic cross section of the publicly consumed reading material available today The startling breadth of subject matter informational complexity creative effort and visual diversity illustrate the challenges that publication designers face everyday Through close up examinations of beautiful and effective design solutions and the comprehensive and accessible workshop style format readers will develop a clear understanding of necessary and often elusive design principles Fundamentals of form and content are clearly demonstrated with the aid of diagrams making this the most complete book for designers on applied publication design

principles BOOK JACKET *Contemporary Editing* Cecilia Friend, Don Challenger, 2013-10-15 *Contemporary Editing* offers journalism students a forward looking introduction to news editing providing instruction on traditional newsroom conventions along with a focus on emerging news platforms This comprehensive text provides students with a strong understanding of everything an editor does addressing essential copy editing fundamentals such as grammar and style editorial decision making photo editing information graphics and page design and new media approaches to storytelling Throughout the book focuses on how the editor s attitude a keen awareness of news values ethics and audience comes into play in all facets of news editing This new edition offers expanded coverage of web publishing and mobile media giving students solid editing skills for today s evolving media and news forums Features of the Third Edition Editing 2 0 boxes discuss the impact of digital technology and social media on editing Coverage of grammar problems and a new chapter on working with numbers provide students with a strong grasp of math and grammar which are the underpinnings for all writing and editing An emphasis on editing for brevity prepares students to write and edit clearly and briefly for print and for the web A chapter on the art of headline writing guides students through one of the editor s most important tasks and introduces the task of search engine optimization Examples of ethics and legal situations show students how issues arise in even the most basic stories and how to address them Online exercises present additional practice for students without needing to purchase a workbook *The Art of Editing* Brian S. Brooks, James L. Pinson, 2022-03-30 Now in its 12th edition this core text is the most comprehensive and widely used textbook on editing in journalism Thoroughly revised and updated to incorporate more online and multimedia formats this hands on guide offers a detailed overview of the full process of journalistic editing exploring both the micro aspects of the craft such as style spelling and grammar and macro aspects including ethics and legality Recognizing the pronounced global shift toward online multimedia the authors continue to stress the importance of taking the best techniques learned in print and broadcast editing and applying them to online journalism This new edition also includes an in depth discussion of the role editors and journalists can play in recapturing the public s trust in the news media Additional chapters examine how to edit for maximum visual impact and how to edit across media platforms teaching students how to create a polished product that is grounded in the best practices of journalism The Art of Editing 12th edition remains an essential resource for students of journalism across all media and levels interested in editing design and media writing as well as for professionals seeking to refine and refresh their skill set Accompanying online features include instructor PowerPoints and student exercises *Editing Across Media* Ross F. Collins, 2013-02-18 Requirements for professional media editing have undergone enormous technological change Editors still edit copy But today they do much more Mass media editors must demonstrate skills from computerized pagination to social media monitoring from image manipulation to Search Engine Optimization The need for editing skills is reaching far beyond traditional journalism and into all areas of mass media from newspapers to strategic communication Public relations practitioners are

expected to edit Even advertising creative professionals must edit And journalists taking on new roles as social media editors need to understand editing at the speed of digital media This textbook aims to prepare university level students for these expanded editing roles in an age of convergence Thirteen authors representing many years of collective media experience examine both traditional editing roles and new editing needs While many mass media students will not become professional editors this textbook assumes nearly all will need competent editing knowledge to produce products of professional quality Editing the authors believe remains a bedrock skill for all students who hope to be successful in the mass media Instructors considering this book for use in a course may request an examination copy here *Reporting in a Multimedia World* Gail Sedorkin, 2020-07-16 Every journalist must be able to conduct an interview and write snappy copy No matter what field they are working in journalists also need to be able to wield a digital recorder take photographs talk to camera convincingly and create content for online delivery *Reporting in a Multimedia World* offers a thorough overview of the core skills journalists need for the 21st century The authors show how to generate story ideas handle interviews write for different audiences and edit your own copy They explain the basics of news photography and broadcast media the requirements of different digital platforms and the challenges of user generated content They also look at professional issues the use of social media by journalists legal and ethical issues and career strategies Thoroughly revised to reflect the rapid changes in media as a result of digital technologies and written in a lively style with case studies and tips from experienced journalists *Reporting in a Multimedia World* is an ideal introduction to an exciting and demanding profession Theoretical and practical aspects of journalism are perfectly matched making it an invaluable resource for students and teachers alike Padma Iyer in AsiaPacific MediaEducator *A Short History of Disruptive Journalism Technologies* Will Mari, 2019-02-07 *A Short History of Disruptive Journalism Technologies* provides a swift analysis of the computerization of the newsroom from the mid 1960s through to the early 1990s It focuses on how word processing and a number of related affordances including mobile reporting tools impacted the daily work routines of American news workers The narrative opens with the development of mainframes and their attendant use as databases in large daily newspapers It moves on to the minicomputer era and explores initial news worker experiences with computers for editing and publication Following this the book examines the microprocessor era and the rise of smart terminals microcomputers and off the shelf hardware software along with the increasing use of computers in smaller news organizations Mari then turns to the use of pre internet networks wire services and bulletin boards deployed for user interaction He looks at the integration of decentralized computer networks in newsrooms with a mix of content management systems and PCs and the increasing use of pagers and cellphones for news gathering including the shift from portable to mobile conceptualizations for these technologies *A Short History of Disruptive Journalism Technologies* is an illuminating survey for students and instructors of journalism studies It represents an important acknowledgement of the impact of pre internet technological disruptions which led to the even more disruptive internet and related computing

technologies in the latter 1990s and through the present
