

Hired To Worry(A Not So Funny Story)

Fresh out of business school, the young man answered a want ad for an accountant. Now he was being interviewed by a very nervous Banta who ran a small business that he had started himself.

'I need someone with an accounting degree, ' Banta said. 'But mainly, I'm looking for someone to do my worrying for me. '

'Excuse me? ' the accountant said.

'I worry about a lot of things, ' Banta said. 'But I don't want to have to worry about money. Your job will be to take all the money worries off my back. '

'I see, ' the accountant said. 'And how much does the job pay? '

'I'll start you at eighty thousand.'

'Eighty thousand dollars! ' the accountant exclaimed. 'How can such a small business afford a sum like that? '

'That, ' Banta said, 'is your first worry.'

Sketch, 1900 **Cue**, 1966 **Searching for John Ford** Joseph McBride, 2011-02-11 John Ford's classic films such as Stagecoach The Grapes of Wrath How Green Was My Valley The Quiet Man and The Searchers have earned him worldwide admiration as America's foremost filmmaker a director whose rich visual imagination conjures up indelible deeply moving images of our collective past Joseph McBride's Searching for John Ford described as definitive by both the New York Times and the Irish Times surpasses all other biographies of the filmmaker in its depth originality and insight Encompassing and illuminating Ford's myriad complexities and contradictions McBride traces the trajectory of Ford's life from his beginnings as Bull Feeney the nearsighted football playing son of Irish immigrants in Portland Maine to his recognition after a long controversial and much honored career as America's national mythmaker Blending lively and penetrating analyses of Ford's films with an impeccably documented narrative of the historical and psychological contexts in which those films were created McBride has at long last given John Ford the biography his stature demands The Literary World, 1889 Conversations with Grace Paley Grace Paley, 1997 With firm authority Paley discusses topics of wide range many of which she describes as personal discoveries She includes politics and environmentalism the family and human relationships the impact of background and education the moral importance of community feminism and women's liberation the sexual self and role enforcement America's need for communality and women's creative response to it the art of teaching and the importance of friendship **Stevie Smith** R. Huk, 2004-12-10 In this first book length study of Stevie Smith Romana Huk reassesses the work of this major twentieth century woman writer as emerging not only from the practices of female literary modernism but also from within the tumultuous cultural context of mid century Europe Huk considers both the poems and the novels in the light of their cultural and literary context Amongst the work treated here is Smith's rarely discussed trilogy of novels Novel on Yellow Paper Over the Frontier and The Holiday *The Canadian Encyclopedia* James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the

proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
