Levinas's ethical metaphysics is essentially a meditation on what makes ethical agency possible that which enables us to act in the interest of another to put the well being of another before our own This line of questioning found its inception in and drew its inspiration from the mass atrocities that occurred during the Second World War The Holocaust like the Cambodian genocide or those in Rwanda and Srebrenica exemplifies what have come to be known as the never again situations After these events we looked back each time with varying degrees of incomprehension horror anger and shame asking ourselves how we could possibly have let it all happen again And yet atrocity crimes are still rampant After Rwanda 1994 and Bosnia Herzegovina 1992 1995 came Kosovo 1999 and Darfur 2003 In our present day world hate crimes motivated by racial sexual or other prejudice and mass hate such as genocide and terror are on the rise think for example of Burma Zimbabwe Sri Lanka and North Korea A critical revaluation of the conditions of possibility of ethical agency is therefore more necessary than ever This volume is committed to the possibility of never again It is dedicated to all the victims living and dead of what Levinas calls the sober Cain like coldness at the root of all crime against humanity as much as every singular crime against another human being Mark of Chaos K.N. Lee,CJ Jordan, Moira thought she was an ordinary girl in a mystical world of hover boards and slumlords She couldn't have been more wrong When Moira's older brother died it fell on her to feed and protect her family but dystopian world of the Empire of Embers was harsh and its people were even harsher After being caught hunting wild gryphons on sacred land Moira finds her life forever changed when she's brought before the emperor a horrid man who pings at her memories in the strangest ways Moira learns that everything she knows is wrong Her memories her life even her family have all been created for her placed in her mind in order to manipulate her actions And the truth of who she is and why her memories were altered will change the course of her life and the future of the kingdom forever Faced with this knowledge Moira begins to be plagued by dreams of magic monsters and an impending darkness that threatens to swallow the entire empire whole It's up to her to save them all to become the person she was always meant to be Embark on an epic adventure through the Empire of Embers in this epic science fiction fantasy by New York Times bestselling author K N Lee and CJ Jordan Perfect for fans of Mistborn The Hunger Games and Throne of Glass Namesakes Emery C.
