Toyota's Global Marketing Strategy Shozo Hibino, Koichiro Noguchi, Gerhard Plenert, 2017-08-16 There are many books on the market that discuss the Toyota Production System but few that insightfully analyze its marketing strategy. Authored by former Toyota marketing executives, this is the first book of its kind to detail how Toyota's thinking habits go beyond the shop floor and influence and guide Toyota's marketing function. Toyota has expanded from a venture enterprise to one of the biggest global enterprises because of its innovative mindset. Toyota thinking habits using Breakthrough Thinking, which supports a new philosophical approach to problem solving, turning 180 degrees away from conventional thinking. Written by Toyota's former executive managing director and founder of Breakthrough Thinking, Toyota's Global Marketing Strategy: Innovation through Breakthrough Thinking and Kaizen. Explores Toyota's Breakthrough Thinking. Examines how Toyota conducts information gathering. Illustrates how Toyota builds and maintains its unique business culture. Shows how Toyota goes to the customer and comprehensively studies how customers use their products. Reveals Toyota's cars have become some of the biggest selling models in the USA. The authors of this book explore Toyota thinking habits as well as Toyota's global marketing strategy, which since the 1980s has been expanding exponentially. The reader will understand the importance of thinking habits in the workplace and will know how to apply them using Toyota as the prime case study.

East Asian Regionalism Christopher M. Dent, 2016-06-02 East Asia is one of the world's most dynamic and diverse regions and is also becoming an increasingly coherent region through the interplay of various integrative economic, political, and socio-cultural processes. Fully updated and revised throughout, this new edition explores the various ways in which East Asian regionalism continues to deepen. The second edition has been expanded to incorporate coverage of significant issues that have emerged in recent years, including growing tensions in the region over maritime territory and historical issues, competing regional free trade agreement negotiations, the impact of the global financial crisis on financial cooperation and engagement with global governance, Obama's pivot to Asia and developments in US relations with East Asia, the influence of new technology and social media on micro-level regional relations, the growing importance of new diplomacy issues such as energy security, climate change, food security, and international migration. Key pedagogical features include end-of-chapter study questions, case studies that discuss topical issues with study questions, also provided useful tables and figures which illustrate key regional trends in East Asia. Extensive summary conclusions covering the chapter's main findings from different international political economy perspectives. East Asian Regionalism is an essential text for courses on East Asian regionalism, Asian politics, and Asian economics. **Motor Business Japan**, 1995 Toyota and the World, 2008 **Automotive Industrialisation** Kaoru Natsuda, John Thoburn, 2020-10-14 This book looks at the industrial policies of Southeast Asian economies in their motor vehicle industries from early import substitution to policy making under the more liberalised WTO policy regime.
