Wlodarczyk argues that changes in the functions and goals of dog training are entangled in bigger cultural discourses with a particular focus on how animal training has served as a field for playing out anxieties related to race class and gender in North America. By applying a Foucauldian genealogical perspective the book shows how changes in training methods correlate with shifts in dominant regimes of power. It traces the rise and fall of obedience as a category for conceptualizing relationships with dogs. *Forthcoming Books* Rose Arny, 2001-06 *Insiders' Guide® to Nashville* Jackie Sheckler Finch, 2019-07-26 Nashville offers extraordinary opportunities for those either visiting or seeking to relocate to this country music mecca. *Insiders Guide to Nashville* is packed with information on the best attractions restaurants accommodations shopping and events from the perspective of one who knows the area well. *Bearded Collie* Bryony Harcourt-Brown, 2012-05-29 This new Special Limited Edition provides everything a new owner needs to know about caring for and training a Bearded Collie.
