Small World, a novel Timothy M. Block, 2025-06-24 What would you do if your spouse and daughter had an illness with no cure. For Tom Small a professor and researcher at a Philadelphia medical school the answer is anything it takes. Tom believes a discovery he made with a Nobel Prize winning scientist at Oxford could hold the key to a cure. But turning this discovery into treatment requires millions of dollars and that means navigating the unfamiliar and sometimes hostile worlds of venture capital and pharmaceutical companies. Raised in a working class family and haunted by self doubt since boyhood Tom's journey is one of resilience. As a troubled youth during the Vietnam War era he was a hopeless truant and trouble maker and was nearly expelled from middle school until a surprise aptitude test score propelled him to college at 14. Now his own insecurities and phobias are dwarfed by his determination to save his family. This novel
