Where To Buy Fresh Paper:

Bad Paper Jake Halpern, 2014-10-14 The Federal Trade Commission receives more complaints about rogue debt collecting than about any activity besides identity theft Dramatically and entertainingly Bad Paper reveals why It tells the story of Aaron Siegel a former banking executive and Brandon Wilson a former armed robber who become partners and go in quest of paper the uncollected debts that are sold off by banks for pennies on the dollar As Aaron and Brandon learn the world of consumer debt collection is an unregulated shadowland where operators often make unwarranted threats and even collect debts that are not theirs Introducing an unforgettable cast of strivers and rogues Jake Halpern chronicles their lives as they manage high pressure call centers hunt for paper in Las Vegas casinos and meet in parked cars to sell the social security numbers and account information of unsuspecting consumers He also tracks a package of debt that is stolen by unscrupulous collectors leading to a dramatic showdown with guns in a Buffalo corner store Along the way he reveals the human cost of a system that compounds the troubles of hardworking Americans and permits banks to ignore their former customers The result is a vital expos that is also a bravura feat of storytelling **Brand Names and Newsprint** United States. Capitalism by Gaslight Brian P. Luskey,Wendy A. Woloson,2015-03-18 While elite merchants financiers shopkeepers and customers were the most visible producers consumers and distributors of goods and capital in the nineteenth century they were certainly not alone in shaping the economy Lurking in the shadows of capitalism s past are those who made markets by navigating a range of new financial instruments information systems and modes of transactions prostitutes dealers in used goods mock auctioneers illegal slavers traffickers in stolen horses emigrant runners pilfering dock workers and other ordinary people who through their transactions and lives helped to make capitalism as much as it made them Capitalism by Gaslight illuminates American economic history by emphasizing the significance of these markets and the cultural debates they provoked These essays reveal that the rules of economic engagement were still being established in the nineteenth century delineations between legal and illegal moral and immoral acceptable and unsuitable were far from clear The contributors examine the fluid mobility and unstable value of people and goods the shifting geographies and structures of commercial institutions the blurred boundaries between legitimate and illegitimate economic activity and the daily lives of

men and women who participated creatively and often subversively in American commerce With subjects ranging from women s studies and African American history to material and consumer culture this compelling volume illustrates that when hidden forms of commerce are brought to light they can become flashpoints revealing the tensions fissures and inequities inherent in capitalism itself Contributors Paul Erickson Robert J Gamble Ellen Gruber Garvey Corey Goettsch Joshua R Greenberg Katie M Hemphill Craig B Hollander Brian P Luskey Will B Mackintosh Adam Mendelsohn Brendan P O Malley Michael D Thompson Wendy A Woloson
