Lesson 1 - Learning Unit 1: What is "law"?

Dear Students

Welcome to our first lesson! Before participating in Lesson 1, work through Learning Unit 1 of the Study Guide by using the "Learning Outcomes of Learning Unit 1". These learning outcomes are extremely important and we urge you to use them to guide you to find the most important aspects discussed in Learning Unit 1. Also make sure that you complete all the activities in Learning Unit 1 and understand the feedback to the activities.

Theme for discussion: Application of normative systems

Do you recall from Learning Unit 1 that a norm is a standard of human conduct or a rule of human behaviour? You should now be able to identify four different normative systems. Have you completed the diagram in Activity 1.6 in your Study Guide? If so, you should have noticed that the different normative systems correspond in the sense that all these systems govern human behaviour. However, it is the differences between the normative systems that should have drawn your attention. You should have noticed that there are clear differences with regard to three aspects in particular, namely (i) the persons to whom the rules apply; (ii) the sanction for non-compliance with the rules; and (iii) the person who, or institution that, enforces the sanction.
