Adaptation in Visual Culture Julie Grossman, R. Barton Palmer, 2017-12-06 This book gathers together essays written by leading scholars of adaptation studies to explore the full range of practices and issues currently of concern in the field The chapters demonstrate how content and messaging are shared across an increasing number of platforms whose interrelationships have become as intriguing as they are complex Recognizing that a signature feature of contemporary culture is the convergence of different forms of media the contributors of this book argue that adaptation studies has emerged as a key discipline that unlike traditional literary and art criticism is capable of identifying and analyzing the relations between source texts and adaptations created from them Adaptation scholars have come to understand that these relations not only play out in individual case histories but are also institutional and this collection shows how adaptation plays a key role in the functioning of cinema television art and print media The volume is essential reading for all those interested both in adaptation studies and also in the complex forms of intermediality that define contemporary culture in the 21st century

Bestselling author the Countess of Carnarvon tells the thrilling behind the scenes story of the discovery of the tomb of Tutankhamun on its centennial and explores the unparalleled life of family ancestor George Herbert the famed Egyptologist world traveler and 5th Earl of Carnarvon behind it whose country house Highclere Castle is the setting of the beloved series Downton Abbey In November 1922 the world was mesmerized by news of an astonishing historical find in Egypt s legendary Valley of Kings the discovery of the tomb of the Egyptian Pharaoh Tutankhamun George Herbert himself a famed amateur Egyptologist and noted antiquities collector financed the expedition and excavation headed by lead archaeologist Howard Carter and accompanied him inside this sacred space that had remained untouched for centuries Inside the tomb the

explorers found King Tut's sarcophagus and a treasure trove of astonishing artifacts: chariots and model boats, board games and paintings, a coffin made of pure gold. But these objects were more than just beautifully crafted works of art; they shed new light on Tutankhamun's world and this fabled period of history and changed our understanding of how the ancient Egyptians had lived, transforming overnight what had been formed through centuries of history and myth. Drawing on Highclere Castle's archives, the Countess of Carnarvon pays homage to her ancestor on the 100th anniversary of this extraordinary event. In vivid and dramatic detail, she brings into focus the larger-than-life characters and lustrous settings, as well as those twists of luck and tragedies that shaped Herbert's life. Across the early 1900s, Highclere saw no less drama than the fictional Downton Abbey, with early tragedies for the Earl and love affairs as well as highs of exorbitant wealth and trials of punishing debt. But above all, there was adventure. While Herbert first went to Egypt for his health, this mysterious romantic land would become a second home, the beloved place where he funneled his attentions over a period of decades, never quite realizing how great the fruits of his labors would prove.

The Earl and the Pharaoh features two 28-page full-color photo inserts. **The Builder**, 1887. The Agricultural Gazette and Modern Farming, 1893. The Parliamentary Debates (Hansard). Great Britain. Parliament. House of Lords, 2014.
