*Five Presidents* Clint Hill, Lisa McCubbin, 2017-05-02 Originally published in hardcover in 2016 by Gallery Books  
*Assassination of the President*, 1865 *Hope, Discovery, Mystery and Tragedy*, White Sand Black Beach Bush, Gregory W, 2016-07-20 Florida Historical Society Harry T and Harriette V Moore Award Florida Book Awards Silver Medal for Florida Nonfiction In May 1945 activists staged a wade in at a whites only beach in Miami protesting the Jim Crow era laws that denied blacks access to recreational waterfront areas Pressured by protestors in this first postwar civil rights demonstration the Dade County Commission ultimately designated the difficult to access Virginia Key as a beach for African Americans The beach became vitally important to the community offering a place to congregate with family and friends and to enjoy the natural wonders of the area It was also a tangible victory in the continuing struggle for civil rights in public space As Florida beaches were later desegregated many viewed Virginia Key as symbolic of an oppressive past and ceased to patronize it At the same time white leaders responded to desegregation by decreasing attention to and funding for public spaces in general The beach was largely ignored and eventually shut down In White Sand Black Beach historian and longtime Miami activist Gregory Bush recounts this unique story and the current state of the public waterfront in Miami Recently environmentalists community leaders and civil rights activists have come together to revitalize the beach and Bush highlights the potential to stimulate civic engagement in public planning processes While local governments defer to booster and lobbying interests pushing for destination casinos and boat shows Bush calls for a land ethic that connects people to the local environment He seeks to shift the local political divisions beyond established interest groups and neoliberalism to a broader vision that simplifies human needs and reconnects people to fundamental values such as health A place of fellowship relaxation and interaction with nature this beach Bush argues offers a common ground of hope for a better future *The Station Agent*, 1921 **Travelers Protection and Agent's Record**, 1928 An Abridged History of the United States Volume III Bob Navarro, *Hearings* United States. attempts to contain the pandemic All spreading the new highly infectious strains Families discussing this get fearful and irate That is the environment in which the new president has to enforce lockdowns and social distancing to save the country Militias sent two hundred thousand members to march disobeying orders at the same time a new strain raced through the country killing people within three days Infections and deaths quadrupled The hatred between opposing sides grows exponentially Can Joe Biden defeat the protestors without resorting to Tiananmen Square methods Will wives shoot returning husbands to keep their children alive Who will look after the orphaned children looking for help Will the president win this battle

**Assault on Kapustin Yar** Stephen W. Killam, 2011-04-30 In winter 1944 the Nazis complete a pair of atomic bombs the Manhattan Project is woefully behind schedule and a derelict spacecraft from the future crash lands in Russia Sixty years later the Russians have constructed a top secret military base called Kapustin Yar around the wreckage The Guardians of the Timeline discover that in the aftermath of a major conflict one of their team has been lost in time and meet a mysterious group of people who cause each member to question the paradox of freewill and predestination The newcomers are as passionate about preserving the timeline and finding the missing team member as the Guardians They combine forces and embark on an adventure that takes them from the desert of Iraq to the caves of Easter Island to a life or death race against time on the freeways of Los Angeles and ultimately to an assault on Kapustin Yar There they seek access to the remains of the spaceship that crashed sixty years before so that core members of the team may embark on a mission to ensure that events in 1944 transpire as they should and the timeline is preserved Assault on Kapustin Yar is the third book in the Guardians of the Timeline series
