

UNITED STATES HISTORY (1877-2016)

STUDY GUIDE

CHAPTER 1

Early United States History

1. Preludes to the American Revolution

-English citizens asserted their rights through the Magna Carta, the Glorious Revolution and the English Bill of Rights

-The Magna Carta

-1215: during the reign of King John, English barons were frustrated with the high taxes and bad treatment so they forced him to sign the Magna Carta (the Great Charter). The power of the king was then limited.

-The Glorious Revolution (1688)

-King James II. assumed the throne in 1685 and he attempted to ignore Parliament

-He was deposed in 1688

-Parliament passed the English Bill of Rights (1689), which forced the king to seek the consent of the people's representatives in Parliament

-Enlightenment philosophers like John Locke in England proclaimed that people had natural rights, which included a say in their own governance

-People enter a social contract to join a political state. That state will then protect everyone's life, liberty, and property. In exchange, citizens will submit to laws (or be punished)

-People can change the social contract by voting and any government that violated the contract can be overthrown
