*Wheat Improvement, Management and Utilization* Ruth Wanyera, James Owuoche, 2017-05-24 The Wheat Improvement Management and Utilization book covers some of the most recent research areas that touch on enhancement of wheat productivity. It is obvious that wheat is one of the major staple crops grown globally. This crop has widely been researched on considering that for instance it is afflicted by various abiotic and biotic stresses that limit its growth and productivity. Today's goal of wheat improvement consistently is to develop varieties that are high yielding with good processing and technological qualities well adapted and tolerant to prevailing biotic and abiotic stresses. Therefore this is a valuable reference book on wheat improvement agronomy and end use qualities particularly for those who work in research organizations and higher academic institutions. Moreover it provides an invaluable resource for readers interested in a quick review of trending topics in wheat.

Diagnostic Devices with Microfluidics Francesco Piraino, Šeila Selimović, 2017-06-26 This book provides a current view of the research and commercial landscape of diagnostics devices particularly those that utilize microscale technologies intended for both patient and laboratory use. Common diagnostic devices that are based on microfluidic principles include glucose sensors for diabetic patients and over the counter pregnancy tests. Other diagnostic devices are being developed to quickly test a patient for bacterial and viral infections and other diseases. The chapters written by experts from around the world discuss how to fabricate, apply and market microfluidic diagnostic chips for lab and at home use. Most importantly the book also contains a discussion of topics relevant to the private sector including patient focused market oriented development of diagnostics devices. Chapter 9 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license. Statistical Abstract, 2016

**Microbial Biostimulants for Sustainable Agriculture and Environmental Bioremediation** Inamuddin, Charles Oluwaseun Adetunji, Mohd Imran Ahamed, Tariq Altalhi, 2022-06-29 Today the agriculture industry is confronted with simultaneous issues of how to fully embrace mass production of safer food in terms of both quality and quantity. Most industries are concerned with avoiding significant levels of soil pollution and environmental threats as a result of the excessive and harmful use of synthetic products on crops. Therefore there is a need to adopt sustainable technological innovations that can ensure the sustainability of agricultural production systems. *Microbial Biostimulants for Sustainable Agriculture and Environmental Bioremediation* discusses the benefits, challenges and practical applications of eco friendly biotechnological techniques using biostimulants derived from beneficial microorganisms. The chapters cover the use of these organisms to increase crop production, enhance soil fertility and maintain soil health, create crop and plant tolerance to different abiotic stressors, release required nutrients to the soil, increase resistance to plant pathogens, pests, improve nutrient use efficiency of crops and rejuvenate polluted environments. **FEATURES** Explores the physiological, morpho-anatomical and biochemical molecular plant rejoinders involved in stimulating crop productivity. Provides information on the physiological

cellular and molecular modes of action underlying microbial biostimulant interfaces Summarizes methods and approaches for executing microbial stimulant technology Outlines numerous environmental management and remediation strategies This book is an ideal resource for researchers engineers and academics working in soil science crop science water remediation microbiology and biotechnology *Trade Unions and the Age of Information and Communication Technologies in Kenya* Eric E. Proceedings of the 3rd International Symposium of Information and Internet Technology (SYMINTech 2018) Mohd Azlishah Othman, Mohamad Zoinol Abidin Abd Aziz, Mohd Shakir Md Saat, Mohamad Harris Misran, 2019-05-15. This book gathers the proceedings of a symposium on the role of Internet technologies and how they can transform and improve people's lives. The Internet is essentially a massive database where all types of information can be shared and transmitted. This can be done passively in the form of non-interactive websites and blogs or it can be done actively in the form of file sharing and document upload and downloading. Thanks to these technologies, a wealth of information is now available to anyone who can access the Internet. Moreover, Internet technologies are constantly improving, growing faster, offering more diverse information and supporting processes that would have been impossible in the past. As a result, they have changed and will continue to change the way that the world does business and how people interact in their day-to-day lives. In conclusion, the symposium and these proceedings provide a valuable opportunity for leading researchers, engineers and professionals around the globe to discuss the latest advances that are helping the world move forward. They also facilitate the exchange of new ideas in the fields of communication technology to create a dialogue between these groups concerning the latest innovations, trends and concerns, practical challenges and potential solutions in the field of Internet technologies.

Development Estimates for the Year ... Kenya, 2014 The Routledge Handbook of Contemporary Ageing Issues Mala Kapur Shankardass, 2025-09-30. This handbook provides a comprehensive look into the emerging issues confronting ageing societies across the world. Drawing on scholarship from Africa, the Americas, Asia Pacific and Europe, it explores different dimensions of ageing: gender, health, environment, care, elder abuse, generational relationships and grief. The volume adopts a gerontological perspective to evaluate ageing-specific policies and places emphasis on guiding research and practice towards achieving a better quality of life for older people across the world. It argues that new developments, because of changing age structures, support ratios, family relationships and socioeconomic situations, call for innovative practices in terms of health and social care facilities, livelihood opportunities, retirement options, skill development and educational learning. Lucid and accessible, the handbook will be of interest to those working in gerontology, ageing, health, death studies, social care, public health, policy, human rights, law, sociology and social policy, gender studies, cultural studies, medical sociology, political sociology, mental health and social sciences.

*Africa-China-Taiwan Relations, 1949-2020* Sabella Ogbobode Abidde, 2022-07-26. The ongoing tension and hostility between China and Taiwan in Africa are a continuation of the Chinese Civil War 1927-1949 between the forces of the Chinese Communist Party (CCP) which remained in mainland China and the Kuomintang (KMT) of the Republic of China (ROC) which fled

to the island of Taiwan In the intervening years China has claimed Taiwan as part of its territory and through persistent and aggressive political and economic efforts convinced much of the world to accept her as the sole and legitimate seat of the Chinese people and government Africa China Taiwan Relations 1949 2020 provides a coherent account of why and how China was able to convince African governments to acquiesce to her claims which have resulted in the expulsion of and the diplomatic isolation of Taiwan on the African continent This volume edited by Sabella Ogbobode Abidde also explains Taiwan's unsuccessful efforts at blunting China's maneuvers It further discusses the endogenous and exogenous factors that swayed African governments to switch their diplomatic allegiance away from Taiwan a country that was for many years an ally and dependable partner in their quest for growth and development Finally the book contains critical assessments of the role and place of China and Taiwan and their current relationship with states and societies on the African continent

**The Bloomsbury Handbook of Religious Education in the Global South** Yonah Hisbon Matamba, Bruce A. Collet, 2022-02-10 The Bloomsbury Handbook of Religious Education in the Global South presents new comparative perspectives on Religious Education RE across the Global South Including 23 chapters written by scholars from the Global North and South this is the first authoritative reference work on the subject The handbook is thematically organised into seven sections The first three sections deal with provision response to changes in contemporary society and decolonizing RE The next four sections explore young people and RE perspectives on teachers RE

in higher education and finally challenges and opportunities for RE. The term Global South is used here primarily to signify the deep economic divide with the Global North but the concept is also examined in historical geographical political social and cultural terms including the indelible influence of religion in all four broadly defined regions. Exploring RE from local cross national as well as regional and sub regional perspectives the handbook examines RE from its diverse past present realities and envisioned future revealing not only tensions contestations injustices and inequalities of power but importantly how inclusive forms of RE can help solve these problems.
