The Politics of Precarity Gediminas

Lesutis,2021-12-30 Based on critical theory and ethnographic research this book explores how intensifying geographies of extractive capitalism shape human lives and transformative politics in marginal areas of the global economy Engaging the work of Judith Butler Henri Lefebvre and Jacques Rancière with ethnographic research on social and political effects of mining induced dispossession in Mozambique in the book Lesutis theorises how precarity unfolds as a spatially constituted condition of everyday life given over to the violence of capital Going beyond labour relations or governance of life in liberal democracies that are typically explored in the literature on precarity the book shows how dispossessed people are subjected to structural symbolic and direct modalities of violence this simultaneously constitutes their suffering and ceaseless desire however implausible to be included into abstract space of extractivism As a result despite the multifarious violence that it engenders extractive capital accumulation is sustained even in the margins historically excluded from contingently lived imaginaries of a good life promised by capitalism Presenting this theorisation of precarity as a framework on and a critique of the contemporary politics of unliveability the book speaks to key debates about precarity dispossession resistance extractivism and development in several disciplines especially political geography IPE global politics and critical theory It will also be of interest to scholars in development studies critical political economy and African politics

Nematology in

South Africa: A View from the 21st Century Hendrika Fourie,Vaughan W. Spaull,Robin K. Jones,Mieke S. Daneel,Dirk De Waele,2017-02-28 This unique book contains not only a comprehensive up to date summary of the achievements made in all

areas of Nematology in South Africa over more than half a century but it also combines this rather technical part with an insiders narrative of how Nematology started and developed It also demonstrates how the South African community of nematologists gradually adapted to major changes in agriculture These were due to a major political shift followed by socio economic changes and this in an often challenging natural environment At the same time this book is conceived as a useful source for young scientists to provide them with practical knowledge and critical insight in the field of Nematology The information given is based primarily on research conducted by nematologists in South Africa Most of this research was aimed at finding workable solutions for nematological problems confronted by both large scale commercial producers and smallholding farmers During a period when funding for scientific research is becoming increasingly scarce the future demand and quest for practical solutions by applied research will only increase

Anthropology and Responsibility Melissa Demian, Mattia Fumanti, Christos Lynteris, 2023-03-31 This book explores the role and implications of responsibility for anthropology asking how responsibility is recognised and invoked in the world what relations it draws upon and how it comes to define notions of the person institutional practices ways of knowing and modes of evaluation The category of responsibility has a long genealogy within the discipline of anthropology and it surfaces in contemporary debates as well as in anthropologists collaboration with other disciplines including when anthropology is applied in fields such as development medicine and humanitarian response As a category that unsettles challenges and critically engages with political ethical and epistemological questions responsibility is central to anthropological theory ethnographic practice collaborative research and applied engagement With chapters focused on a variety of cultural contexts this volume considers how anthropology can contribute to a better understanding of responsibility including the responsibility of anthropology and the responsibility of anthropologists to specific others

Higher Education Pathways Ashwin, Paul, Case, Jennifer M., 2018-12-14 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues

Africa's Urban Youth Amy S. Patterson, Tracy Kuperus, Megan Hershey, 2023-08-10 Making up 65 percent of Africa s population young people between the ages of 18 and 35 play a key role in politics yet they live in an environment of rapid urbanization high

unemployment rates and poor state services Drawing from extensive fieldwork in Ghana Uganda and Tanzania this book investigates how Africa s urban youth cultivate a sense of citizenship in this challenging environment and what it means to them to be a good citizen In interviews and focus group discussions African youth activists and community leaders vividly explain how income religion and gender intertwine with their sense of citizenship and belonging Though Africa s urban youth face economic and political marginalization as well as generational tensions they craft a creative citizenship identity that is rooted in their relationships and obligations both to each other and the state Privileging above all the voice and agency of Africa s young people this is a vital systematic examination of youth and youth citizenship in urban environments across Africa

The Truth about Nature Bram Büscher,2020-12-15 How should we share the truth about the environmental crisis At a moment when even the most basic facts about ecology and the climate face contestation and contempt environmental advocates are at an impasse Many have turned to social media and digital technologies to shift the tide But what if their strategy is not only flawed but dangerous The Truth about Nature follows environmental actors as they turn to the internet to save nature It documents how conservation efforts are transformed through the political economy of platforms and the algorithmic feeds that have been instrumental to the rise of post truth politics Developing a novel account of post truth as an expression of power under platform capitalism Bram B scher shows how environmental actors attempt to mediate between structural forms of platform power and the contingent histories and contexts of particular environmental issues Bringing efforts at wildlife protection in Southern Africa into dialogue with a sweeping analysis of truth and power in the twenty first century B scher makes the case for a new environmental politics that radically reignites the art of speaking truth to power

Sociology in South Africa R. Sooryamoorthy,2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology Providing a holistic picture of the subject both as it is taught in universities and as a field of research it reveals the trajectories of a discipline in a challenging socio political context With the support of historical and scientometric data it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature direction and foci of sociological research in the country The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines It was however able to flourish with the advent of democracy in 1994 and has become a unique academic movement This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa

South Africa Yearbook ,2009 **Indigenous Language for Social Change Communication in the Global South** Tshepang Bright Molale,Abiodun Salawu,Mohammad Sahid Ullah,Enrique Uribe-Jongbloed,2023-05-22 Indigenous Language for Social Change Communication in the Global South brings together voices from the margins to engage in dialogue about common social change issues in Latin America Africa and Asia This book argues that resistance and social movements expressed in music and songs and exchanged via radio remain fundamental to ensure that the linguistic and
