Unstable Prototypes Joseph R Lallo:

Unstable Prototypes Joseph R. Lallo, 2012-02-26 Following his last adventure Trevor Lex Alexander's life has managed to return to normal. He's back to splitting his time between delivering packages and transporting passengers along with the occasional foray into testing highly experimental equipment. He's even gotten back together with his girlfriend Michella Modane who has been launched to stardom by her coverage of the Bypass Gemini incident. Yes, things are going quite well for Lex. But in his life, luck like this never lasts long. Sure enough, while he is preparing for a rare visit from Michella, he receives word that the reclusive inventor Karter Dee has been kidnapped. The eccentric and slightly deranged inventor's checkered past has made getting the authorities involved out of the question. That has left Ma, the AI in charge of cooking his meals and reining in his insanity with few options. She has reached out to Lex as one of the few people she can trust and needs him to help assemble a team of Karter's former allies to take him back before his latest contraptions can be put to work terrorizing the populace at the hands of his captors. The Other Eight Joseph R. Lallo, 2014-04-01 Superpowers have turned out to be a disappointment. Heat vision. Super strength. Flight. They are nowhere to be found. Instead, powers like photosynthesis or the ability to spontaneously change hair color seem to be the best the world can offer. To make matters worse, the gifted individuals tend to suffer from psychological issues. Nonetheless, in hopes of finding enough functional meta-humans to form a squad, in 1965 the US military created The Guardian Project. The head of the Army's current incarnation of the project hires Dr. Adam Aiken, a psychologist specializing in the meta-human condition, to filter out the most dangerously unbalanced of the prospective super-soldiers. The screening process is to be done with all possible secrecy. This proves to be more easily said than done. A misfiring superpower leaks news of the recruitment effort to the public, attracting a flood of misfit meta-humans from around the nation, each hungry for heroic validation. A sleazy PR officer knows publicity when he sees it and converts the secret program into a nationally broadcast competition with all of the dignity and grace of a reality show. The ultimate prize is a coveted spot on a government-sanctioned super team. The Other Eight follows the exploits of the applicants deemed sane enough for consideration. On one side are earnest but underpowered heroes like the twitch-inducing Nonsensica or the fluorescent tube hurling Phosphor. On the other are the better equipped but less dedicated recruits like walking good luck charm Johnny on the Spot and seed-spitting loose cannon The Hocker. Who will win a place on the team and what will be done about the jilted heroes who didn't make the cut. The Big Sigma Collection Joseph R. Lallo, 2017-03-02 **The Battle of Verril** Joseph R. Lallo, 2011-03-05 In this, the finale of the Book of Deacon Trilogy, Myranda and the Chosen face their greatest challenges yet. Time is running out, and the Generals are growing desperate. Through victory and defeat, reunion and betrayal, neither the heroes nor their foes will rest until they have seen their task through to the end. The only question is: will it be the end of a war or the end of times. *The Great Convergence* Joseph R.
