Global Science's Cooperation Opportunities, Challenges, and Good Practices Moussaoui, Mohamed, 2023-07-24
Science diplomacy gives possibilities for international diplomacy and science policy to collaborate to more directly address social and global challenges such as successful diplomatic engagement international scientific coordination and policy coherence in response to the COVID 19 pandemic However most academic scientists lack policy process training networking opportunities with science policymakers and the capacity to use their expertise in the field to advance policy or diplomacy These barriers limit scientists research impact inhibit science policy relations reduce science recommendations and restrict university engagement in national and international contexts The origins of science diplomacy have yet to be closely examined and its current format does not give a clear understanding of how it concretely translates into science policy actions Global Science s Cooperation Opportunities Challenges and Good Practices provides a comprehensive overview of science diplomacy and its evolution in history and analyzes the ways in which politics science and diplomacy intertwine The book also provides a critical review of science diplomacy by exposing its limitations in addressing global challenges and by reflecting on the specific questions relating to the adaptation of the science diplomacy concept to the context of the Global South Covering key topics such as climate change foreign policy and energy consumption this premier reference source is ideal for policymakers government officials politicians industry professionals researchers academicians scholars practitioners instructors and students

Places of Privilege ,2018-07-19 *Places of Privilege* examines dynamics of privilege and power in the construction of place in a period of the rapid social transformation of places borders and boundaries Drawing on inter disciplinary perspectives the book examines place as a site for the making and re making of privilege while considering new meanings of community and examining spaces for cultural identity and resistance Chapters point to a range of conceptual resources that can be utilised to produce critical analyses of place making As the authors point out power and privilege shape place but these dynamics are in turn shaped by the specific place based histories and social dynamics within which they are located Contributors are Lutfiye Ali Alison M Baker Paola Bilbrough Tony Birch Jora Broerse Sally Clark Josephine Cornell Yon Hsu Lou Iaquinto Karen Jackson Shose Kessi Rebecca Lyons Chris McConville Nicole Oke Amy Quayle Alexandra Ramirez Kopano Ratele Christopher C Sonn and Ram n Spaaij
