The Runner Markus Torgeby, 2018-08-23 The most beautiful book I ever read Rune Larsson ultra distance runner Markus Torgeby was just 20 years old when he headed off into the remote Swedish forest to live as a recluse and dedicate himself to his one true passion running He lived in a tent in the wilderness braving the harsh Swedish winters for four years This is his story An international bestseller this extraordinary book is a powerful exploration of running resilience loss and self discovery A talented long distance runner in his teens Markus Torgeby excelled in training but often failed inexplicably in competition Pressurised by his coach and consumed by the suffering of his MS afflicted mother he chose to do something that most of us only dream of escape the modern world In his stripped back lifestyle in the woods surviving with the bare minimum of supplies and enduring extreme cold he found salvation and ultimately his true direction in life

The Three Birds Christine Russell, 2012-03 The day begins as normal but by late afternoon he had been airlifted to one of the world s leading neurology hospitals with traumatic injuries Standing outside the critical care unit I was approached by a professor asking if I would agree to the use of my injuries for research Research I assumed was only performed on dead people Was it too late to say my good byes to my loved ones

Ainslee's,1904 **The Next Best Thing** Carlo Ciliberti,2001-09 If only I knew then what I know now How many times have you heard it said How many times have you wished it Suppose two of your best friends offered to create a living clone an exact copy of you at the peak of your youth except that it would be genetically perfect and would age much slower than the original Suppose further that these friends who you knew could deliver could transfer your intellect your whole life experience into the clone In one painless process you would go to sleep as you are and wake up as a perfect 24 year old with all of your memories experiences and feelings intact It would be The Next Best Thing to going back to your youth with all of your present knowledge and wisdom Now suppose that while you were in the process of considering such an incredible proposal one of these friends proved to you beyond the shadow of a doubt that she was an extraterrestrial And then while delving into the groundbreaking technology that makes the cloning and transfer process possible you discovered something even more astounding Shattered M.J. Kane,2020-11-17 Happily ever after doesn t always come easily Juggling busy careers and family life is hectic So when Brian s boss offers a weekend at the company beach house for Brian and Ebony s fifth anniversary the couple jumps at the opportunity inviting their married friends to join them When the six couples arrive in sunny Miami Beach they vow to place life troubles on hold and enjoy a child free weekend But even paradise can t wash away problems The realities of life after saying I do come to light Unresolved issues from the past surface The bonds of matrimony shatter And one couple may never have a chance to make things right Fans of the Butterfly Memoirs will enjoy seeing where their beloved friends are long after their Happily Ever Afters and find themselves flipping the pages fast to find out whether their favorite couple comes home together or ends up Shattered
