Washington,2021-06-02 Booker T Washington April 18 1856 November 14 1915 was an African American educator leader author and orator and was an adviser to several US presidents He was born into slavery on a plantation in Virginia remembering I cannot recall a single instance during my childhood or early boyhood when our entire family sat down to the table together On the plantation in Virginia and even later meals were gotten to the children very much as dumb animals get theirs a piece of bread here and a scrap of meat there He was nine when his family gained their emancipation and he describes the rejoicing and the apprehension as freed slaves entered a new life His

mother took the family to the free state of West Virginia. The only name he had known was Booker but at school when first asked his name by the teacher he coolly added Washington to be like the other children who had at least two names. This established him on a path of fitting into the white world. In the course of his life he established the Tuskegee Institute now Tuskegee University helped found the National Negro Business League now eclipsed by the NAACP and advised several US presidents. Between 1890 and 1915 Washington was the dominant leader in the African American community and of the contemporary Black elite. He established a powerful political and financial network to advance the cause of African Americans through education and business known as the Tuskegee Machine. *Up from Slavery* chronicles Washington's life from slave to schoolmaster to statesman. It was a best seller when published and for many years thereafter. Up from Slavery Booker T. Washington, 2008-10-20 Born in a Virginia slave hut, Booker T. Washington (1856-1915) rose to become the most influential spokesman for African Americans of his day. In this eloquently written book, he describes events in a remarkable life that began in bondage and culminated in worldwide recognition for his many accomplishments. In simply written yet stirring passages, he tells of his impoverished childhood and youth, the unrelenting struggle for an education, early teaching assignments, his selection in 1881 to head Tuskegee Institute, and more. A firm believer in the value of education as the best route to advancement, Washington disapproved of civil rights agitation and in so doing earned the opposition of many black intellectuals. Yet he is today regarded as a major figure in the struggle for equal rights, one who founded a number of organizations to further the cause and who worked tirelessly to educate and unite African Americans.
