

Treasure Island

by Robert Louis Stevenson

story summary

Billy and the Old Sea-chest

Jim Hawkins' parents' ran the Admiral Benbow Inn in western England. One winter day, an old sea captain with a scarred face called Billy Bones arrived at the inn. He had an old sea-chest with him, which he guarded very carefully. Billy gave Jim some money to look out for a one-legged sailor. However, Billy did not pay his rent properly. In the evenings, Billy would drink rum and sing. During the day, he would go down to the rocks and nervously look out at the sea.

After many weeks, a mysterious evil looking seaman called Black Dog appeared and started fighting with Billy after an argument. The man chased him out of the inn with his cutlass. This caused Billy to suffer a stroke and collapse. Another visitor, a blind beggar named Pew, came while Billy was bedridden and pressed a piece of paper onto his palm. This paper was "the black spot" which pirates make by partially burning a piece of paper. It is a kind of curse that pirates put on someone, particularly if they want to get rid of a leader. After Pew left, Billy suffered another stroke and dropped dead. His last words were that pirates would be coming there soon, and that he had been a part of a pirate crew. The pirates had ordered Billy's death and wanted to steal his sea-chest. Jim soon forgot about Billy because he had other things to think about. His father was very ill. Later that night Jim's father died.

Jim and his mother searched through Billy's old sea-chest and found a logbook and map inside. Suddenly they heard steps outside. It was the pirates! Jim and his mother quickly ran out of the inn, taking with them the documents from Billy's sea-chest.

The pirates entered the inn and raided it, desperately looking for the documents. The pirates were angry that they could not find what they wanted in the sea-chest and rushed outside to look for Jim and his mother. However, the pirates were chased by the police. Most of the pirates escaped but Blind Pew died.

Jim then realized that the documents he had snatched from the sea chest must be valuable, so he took one of the documents he had found to some local acquaintances, Dr. Livesey and Squire Trelawney.

Jim sets out for Treasure Island

Jim went to Doctor Livesey's house and told him and Squire Trelawney about everything that had happened. He showed them the papers the pirates had been searching for and they agreed that they had found a treasure map to Captain Flint's booty.

The doctor and the squire made plans to travel to the island where the treasure was buried. Jim would be their cabin boy.

The squire went to Bristol and bought a ship called The Hispaniola and hired a captain. The ship's cook would be an old one-legged sailor called Long John Silver who had helped the squire pick the rest of the crew. Jim and the doctor soon joined them. An apprentice would help Jim's mother with the inn while he was away. Jim did wonder if Long John Silver was the sailor Billy had been worried about, but soon forgot about it.
