Handbook of Risk and Insurance Strategies for Certified Public Risk Officers and other Water

Professionals Frank Spellman, Lorilee Medders, Paul Fuller, 2021-10-19 This book serves as a technical yet practical risk management manual for professionals working with water and wastewater organizations. It provides readers with a functional comprehension of water and wastewater operations as well as a broad understanding of industry derivations and various stakeholder interconnectivity. This knowledge is imperative as most administrative professionals are proficient in their respective areas of expertise but sometimes lack fluency on the broader technical aspects of their organization's purpose, operations, and externalities. It also examines risk management best practices and provides an actionable review of doing the right thing the right way every time through a combination of core risk management principles. These include enterprise, strategic, operational, and reputational risk management as well as risk assessments, risk frequency matrixes, checklists, rules, and decision-making processes. Finally, the book addresses the importance of risk transfer through insurance policies and provides best practices for the prudent selection of these policies across different scenarios. Features: Provides an understanding of water and wastewater technical operations to properly implement sound risk management and insurance programs. Emphasizes the importance of building well-designed resilient systems such as policies, processes, procedures, protocol, rules, and checklists that are up to date and fully implemented across a business. Offers a detailed look into insurance policy terms and conditions and includes practical checklists to assist readers in structuring and negotiating their own policies. Handbook of Risk and Insurance Strategies for Certified Public Risk Officers and Other Water Professionals combines practical knowledge of technical water/wastewater operations along with the core subjects of risk management and insurance for practicing and aspiring professionals charged with handling these vital tasks for their organizations. Readers will also gain invaluable perspective and knowledge on best-in-class risk management and insurance practices in the water and wastewater industries. Handbook of Insurance Georges Dionne, 2024-12-26 The Handbook of Insurance reviews the last fifty years of research developments in insurance economics and its related fields. A single reference source for professors, researchers, graduate students, regulators, consultants, and practitioners, the book starts with the history and foundations of risk and insurance theory, followed by a review of prevention and precaution, asymmetric information, insurance fraud, risk management, insurance pricing, new financial innovations, reinsurance, corporate governance, capital allocation, securitization, systemic risk, insurance regulation, the industrial organization of insurance markets, and other insurance market applications. The new edition covers many topics that have risen in importance since the 2nd edition, such as climate risk, pandemic risk, insurtech, digital insurance, cyber risk, behavioral economics, Solvency II, corporate governance, enterprise risk management, and machine learning. This edition of the Handbook contains 17 new chapters. Each of the chapters is written by leading international authorities in risk and insurance research. All contributions are peer-reviewed, and each chapter can be read independently of the others. It is a tour de force to provide to the insurance industry and its stakeholders a structured, complete, intelligent, and critical synthesis of insurance economics in the twenty-first century. This is

what you have in your hands This third edition of the Handbook of Insurance should be the bible to anyone who wants to have a deep understanding of the complex challenges faced by insurance and reinsurance markets to create the large social value of risk sharing and risk diversification Christian Gollier Director of the Toulouse School of Economics This collective work not only offers a remarkable synthesis of cutting edge research in insurance economics but also provides a rare resource both comprehensive and authoritative for professionals seeking a deeper understanding of insurance industry fundamentals and emerging trends The content of the Handbook reflects the richness and dynamics of the field and underlines the many facets involved in better understanding how insurance works and contributes to society Jad Ariss Managing director The Geneva Association Review of Veterans Housing and Insurance Programs United States.
