

All About the United States

Thomas Edison was born in the United States. The United States of America is a country with 50 states. It is over 3,000 miles long and 2,500 miles wide. The capital of the country is Washington, D.C. and the most popular city is New York City. The 100 million people who live in the United States speak many different languages but they all speak English. The United States is the 3rd largest country in the world.

Edison moved to Westfield, Ohio, and lived there for three years before he moved to New York City. He lived in New York City for the rest of his life. He was the first person to invent the light bulb.

By 1847, he was 10 years old. He was a very smart boy and he was very curious about the world around him.
