Me by Laura Dave This book is a summarized version and is not a substitute for the Original book What is the Original book about Hannah is happily married to Owen and struggles with her relationship with her daughter Bailey who is barely polite to her Hannah's husband disappears and she only finds a piece of paper with two words Protect her She knows the note relates to her Stepdaughter Bailey but why and protect from what When Hannah receives a visit from the FBI and a US marshal and does some research she begins to understand that her husband Owen wasn't who she thought he was Narrated in two timelines one with brief memories of the past that gives us a broader context and picture of Hannah and Owen's life together and the second is in the present when Hannah and Bailey are forced to work together to create the Truth about Owen Hannah is smart and intuitive with Bailey and their relationship has been one of my favorite things to do Hannah is set in Sausalito and Austin Texas and uses her intelligence combined with good instincts to master the turns and twists She needs to balance the husband she knows and loves with the new information she receives about him As the novel progresses Hannah must figure out what to do to protect Bailey and make a difficult decision on how to move on How he did it was completely unpredictable but perfect which set this apart from a typical mystery thriller Who is this story suitable for This story is suitable for people who like thrillers like a challenging read are interested in a thriller mystery that keeps you guessing right until the end are interested in a book with a strong female lead character are interested in a book where the author tells you all the things she might have used and how they work are looking for a twisty novel with some hard core fiction and characters who are not at all what they seem I hope you get the idea Benefits of buying a summarized version Quickly gain insight into a book Save time and money Better invest your resources Could save you from wasting your time Allow you to have some knowledge about the subject without taking much of your day Many people find that they were more interested in the book after reading the summary A good summary must be able to get across the key points of what you'll learn from reading the book I tried my best to summarize all the details as clearly as possible Can this book be a substitute to the Original book Though this book summarizes and highlight all the contents of the Main book this book is not a substitute or replacement of the Original book Moreover the contents of this book might not exactly match the contents and message of the main book as I might have shortened it or altered it to make the message short and easy to understand Kindly do acknowledge the hard work and do support the author's responsibly Even to comprise this detailed summary took a lot of time and effort I started to summarize and publish books when I saw many low quality summaries being published So if you are buying this book and leave a positive review it would encourage me to summarize more books with good quality
