Policing Freedom Martine Jean, 2023-08-17 Explores the transformation of punishment in nineteenth century Brazil and its intersection with changes in labor relations in the Atlantic World Black and Slave David M. Goldenberg, 2017-05-22 Studies of the Curse of Ham the belief that the Bible consigned blacks to everlasting servitude confuse and conflate two separate origins stories etiologies one of black skin and the other of black slavery This work unravels the etiologies and shows how the Curse an etiology of black slavery evolved from an earlier etiology explaining the existence of dark skinned people We see when where why and how an original mythic tale of black origins morphed into a story of the origins of black slavery and how in turn the second then supplanted the first as an explanation for black skin In the process we see how formulations of the Curse changed over time depending on the historical and social contexts reflecting and refashioning the way blackness and blacks were perceived In particular two significant developments are uncovered First a curse of slavery originally said to affect various dark skinned peoples was eventually applied most commonly to black Africans Second blackness originally incidental to the curse in time became part of the curse itself Dark skin now became an intentional marker of servitude the visible sign of the blacks degradation and in the process deprecating black skin itself The Iron Furnace; or, Slavery and Secession John H. Aughey, 2019-12-13 In *The Iron Furnace or Slavery and Secession* John H Aughey presents a compelling critique of the intertwined nature of slavery and the political tensions leading to the American Civil War Utilizing a rhetorical style that merges passionate prose with rhetorical questions Aughey probes the moral dilemmas of his time The literary context of this work is rooted in the antebellum period encapsulating the socio political landscape that

culminated in secession and conflict and serves as both a historical document and a polemic against the institution of slavery John H Aughey a Southern born abolitionist and minister found his convictions at odds with the society of his birth informing his critical perspective on slavery His experiences witnessing the moral decay wrought by slavery alongside his commitment to social justice motivated him to confront the institution head on in this book Aughey s background and personal beliefs infuse his writing with a sense of urgency and moral imperative that resonates deeply with contemporary issues This important work is highly recommended for readers interested in the historical roots of American conflict and the ethical considerations surrounding slavery Aughey s eloquent prose and passionate arguments make this a must read for anyone seeking to understand the complexities of American history and the enduring legacy of slavery **The Literary World**

,1850 **The African Slave Trade and Its Suppression** Peter Hogg,2014-02-04 A comprehensive bibliography dealing specifically with African slave trade This volume has been sub classified for easier consultation and the compiler has provided where possible descriptions and comments on the works listed **Cape Verde** Richard A Lobban,2018-02-12 The Cape Verde Islands an Atlantic archipelago off the coast of Senegal were first settled during the Portuguese Age of Discovery in the fifteenth century A Crioula population quickly evolved from a small group of Portuguese settlers and large numbers of slaves from the West African coast In this important integrated new study Dr Richard Lobban sketches Cape Verde s complex history over five centuries from its role in the slave trade through its years under Portuguese colonial administration and its protracted armed struggle on the Guinea coast for national independence there and in Cape Verde Lobban offers a rich ethnography of the islands exploring the diverse heritage of Cape Verdeans who have descended from Africans Europeans and Luso Africans Looking at economics and politics Lobban reflects on Cape Verde s efforts to achieve economic growth and development analyzing the move from colonialism to state socialism and on to a privatized market economy built around tourism fishing small scale mining and agricultural production He then chronicles Cape Verde s peaceful transition from one party rule to elections and political pluralism He concludes with an overview of the prospects for this tiny oceanic nation on a pathway to development *Slavery and the Forensic Theatricality of Human Rights in the Spanish Empire* Karen-Margrethe Simonsen,2023-06-24 This book is a study of the forensic theatricality of human rights claims in literary texts about slavery in the sixteenth and the nineteenth century in the Spanish Empire The book centers on the question how do literary texts use theatrical multisensorial strategies to denunciate the violence against enslaved people and make a claim for their rights The Spanish context is particularly interesting because of its early tradition of human rights thinking in the Salamanca School especially Bartolom de Las Casas developed in relation to slavery and colonialism Taking its point of departure in forensic aesthetics the book analyzes five forms of non narrative theatricality allegorical carnivalesque tragicomic melodramatic and tragic

The Southern Debate over Slavery Loren Schweninger,2024-03-18 An incomparably rich source of period information the second volume of *The Southern Debate over Slavery* offers a representative and extraordinary sampling of

the thousands of petitions about issues of race and slavery that southerners submitted to county courts between the American Revolution and Civil War These petitions filed by slaveholders and nonslaveholders slaves and free blacks women and men abolitionists and staunch defenders of slavery constitute a uniquely important primary source The collection records with great immediacy and minute detail the dynamics and legal restrictions that shaped southern society *Origins of Slavery: Oxford Bibliographies Online Research Guide* Michael Guasco,2010-06 This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated This ebook is just one of many articles from Oxford Bibliographies Online Atlantic History a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of Atlantic History the study of the transnational interconnections between Europe North America South America and Africa particularly in the early modern and colonial period Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com **The Atlantic Slave Trade** Jeremy Black,2022-12-30 Originally published as a collection in 2006 the essays in this volume discuss the reasons for the end of the slave trade and the institution of slavery itself They examine the rise of the abolitionist movement in different countries and how the move towards abolition was swifter in some areas than others Attention is also paid to the economic consequences of abolition popular attitudes to abolition and the role of the Church The volume also has an introduction by the editor commenting on the contribution each essay makes

Jason T. Sharples, 2020-06-19 A thought provoking history of slaveholders fear of the people they enslaved and its consequences From the Stono Rebellion in 1739 to the Haitian Revolution of 1791 to Nat Turner s Rebellion in 1831 slave insurrections have been understood as emblematic rejections of enslavement the most powerful and perhaps the only way for slaves to successfully challenge the brutal system they endured In *The World That Fear Made* Jason T Sharples orients the mirror to those in power who were preoccupied with their exposure to insurrection Because enslavers in British North America and the Caribbean methodically terrorized slaves and anticipated just vengeance colonial officials consolidated their regime around the dread of rebellion As Sharples shows through a comprehensive data set colonial officials launched investigations into dubious rumors of planned revolts twice as often as actual slave uprisings occurred In most of these cases magistrates believed they had discovered plans for insurrection coordinated by a network of enslaved men just in time to avert the uprising Their crackdowns known as conspiracy scares could last for weeks and involve hundreds of suspects They sometimes brought the execution or banishment of dozens of slaves at a time and loss and heartbreak many times over Mining archival records Sharples shows how colonists from New York to Barbados tortured slaves to solicit confessions of baroque plots that were strikingly consistent across places and periods Informants claimed that conspirators took direction from foreign agents timed alleged rebellions for a holiday such as Easter planned to set fires that would make it easier to ambush white people in the confusion and coordinated the uprising with European or Native American invasion forces Yet as

Sharples demonstrates these scripted accounts rarely resembled what enslaved rebels actually did when they took up arms. Ultimately he argues conspiracy scares locked colonists and slaves into a cycle of terror that bound American society together through shared racial fear. *The Cambridge Companion to Global Literature and Slavery* Laura Murphy, 2022-12-22. The Cambridge Companion to Global Literature and Slavery reveals the way recent scholarship in the field of slavery studies has taken a more expansive turn in terms of both the geographical and the temporal. These new studies perform area studies driven analyses of the representation of slavery from national or regional literary traditions that are not always considered by scholars of slavery and explore the diverse range of unfreedoms depicted therein. Literary scholars of China, Central Asia, the Middle East, and Africa provide original scholarly arguments about some of the most trenchant themes that arise in the literatures of slavery: authentication and legitimation, ethnic formation and globalization, displacement, exile, and alienation, representation and metaphorization, and resistance and liberation. This Cambridge Companion to Global Literature and Slavery is designed to highlight the shifting terrain in literary studies of slavery and collectively challenge the reductive notion of what constitutes slavery and its representation.

The Enigmatic Realm of **Slave World The Complete Collection**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
